# Holiday Fete Aims To Swell Spirit, Sales

by KAREN WILTBURGER

An attempt to put Antioch on the map and to increase downtown business shopping has resulted in a Christmas package that has been advertised locally as well as statewide.

This season marks the second annual Christmas program geared at giving Antioch a positive image throughout the area. And so far this year one of the features, letters to Santa, has received responses from as far as North Carolina and Texas.

The Christmas package offers Antioch residents as well as people from other communities—some as far as the Chicago suburbs—the Enchanted Castle, a Christmas parade, letters from Santa along with the official tree-lighting ceremony by Antioch Mayor Raymond Tof.

What is so unique about the program, said Larry Hanson, a member of the Antioch

Retail Group, is that no other community in the area offers it. The Enchanted Castle is the only place around besides the shopping centers that gives children the opportunity to talk with Santa, he said.

Glenda Tomaschlik, director of Parks and Recreation, said the letters to Santa, which started about six years ago, have increased dramatically since the Antioch Chamber of

Commerce has advertised it as part of the Christmas package.

"I enjoy it, but I do see more and more work added due to the exposure," said Tomaschlik, who for the first time is getting help from a public service worker. "I foresee this as getting very strong."

Tomaschlik has put out the word to the Antioch High School newspaper that she needs more volunteers—those who can write con-

## St. Peter's To Hold Messiah On Dec. 6

Handel's "Messiah," the greatest oratorio every written, will be presented for one night only—at 8 p.m. on Friday, Dec. 6—at St. Peter's Church in Antioch.

"The Christmas Messiah," under the direction of Maestro Lynn Scornick, who is in

his fifth season as the director of the Waukegan Chamber Orchestra, marks the second collaboration on Handel's "Messiah" with a fine chorus from Antioch led by Ken Smouse.

Tickets will be available at the State Bank of Antioch, the First National Bank of Antioch and the Antioch Chamber of Commerce and Industry. Tickets cost \$1.50 for adults and \$1 for senior citizens and children under 12.

Tickets will be sold on a first-come, first-served basis. For more information call the chamber office at 395-2233.

## Groups To Discuss Options

Two groups of Antioch residents who are trying to re-open teen dances that closed this fall will meet for the first time on Thursday, Dec. 5.

Sandy Pomrenning, one of a handful of the original organizers of teen dances, will host the meeting where the two groups will get acquainted. The purpose of the meeting, Pomrenning said, is to decide on a direction of how and where to provide Antioch Community High School students with dances.

Though the two groups have never met, both have the same objective to get a teen dance started, said Pomrenning.

The original group, with support of the Antioch Rotary Club, held dances from March to June at the Antioch VFW. In the fall, dances started at Antioch Community High School but folded after event organizers

## Less Cash Buys Brighter Lights

Two parking lots off of Toft Ave. will be better lighted for less money this winter with the installation of 10 light fixtures.

Common Wealth Edison is installing seven lights to the west parking lot, where lights have become dim over the years, and three lights to the smaller east parking lot, which has only a few street lights nearby.

Todd Maplethorpe, supt. of public works, said the village will pay the company \$190 a month for the lights, which includes installation, power and maintenance. That cost is less than the current monthly electrical bill for the one parking lot, which in the winter runs up to \$250.

Maplethorpe said the lights have become dim and are "ready to fall down."

# *"I showed Julie Crosby how she could earn \$70,304 more at retirement..."*

*Madeline Schwechter, Senior Customer Service Representative, uses her expertise to help Skokie Federal customers make the most of their money.*

"Just because an IRA is opened at one institution doesn't mean that the funds are sentenced to remain there for life. Many people don't realize how easy and profitable it can be to transfer entire IRA funds to higher earning insured accounts... like our 5-Year IRA Bonus Certificate."

"For example, I showed Julie Crosby how she could earn \$70,304 more at retirement by transferring all her IRA funds into our 5-Year IRA Bonus CD. She had accumulated \$7,280 in an IRA that was due to mature at another institution. Because our 5-year bonus rate is  $\frac{1}{2}\%$  higher than what she could get if she simply let her funds rollover, she could earn \$505,913 in interest after 32 years rather than \$435,609 at the other institution.\* By having Julie sign one simple form, we can transfer her funds, and she'll be on her way to retiring \$70,304 richer."

"While I may not be able to bring instant wealth to my customers with this kind of advice, I can help them to secure a better future. That makes me proud to be a part of the Skokie Federal team."

\*This assumes that she continues to contribute \$2,000 annually to her IRA, rates remain constant, and she will earn an average yield of 10.00%. As of December 31, 1985 the rate of our 5-Year Bonus CD is 9.60% yielding 10.22% annually. This rate is subject to change.

## Manicure Professional

Eileen Parker, of Naitique Inc., (right) gives a manicure to Glenda Tomaschik, director of Antioch Parks and Recreation. Parker will be the instructor of a two-week manicure class that starts Dec. 10.

## Manicure Classes Set For Dec. 10 And 17

Antioch Parks and Recreation will hold a two-day manicuring and nail tip class at 7 p.m. on Dec. 10 and Dec. 17 at the Old Fire Station.

It will be held for two consecutive Tuesdays at a cost of \$22.

The maximum class size will be 12. To register call Glenda at 395-2160.

On the first Tuesday participants will learn how to properly shape their own nails, apply cuticle remover and conditioner, cuticle massage cream and hot oil lotions. They will also learn how to professionally apply base coat, nail polish and top coat.

The following Tuesday participants will learn how

to professionally apply nail tips using items such as tip glue, ridgefillers and french dip powders. They will also learn how to safely remove nail tips using polish remover and glue remover.

The instructor, Eileen Parker from Naitique Inc., will supply the needed materials.

The First National Bank announces its second annual campaign to collect food for donation to the Antioch Food Pantry. The bank again will be collecting canned goods in conjunction with the Antioch

Chamber of Commerce and Industry and Antioch Parks and Recreation Christmas program.

Food donations can be made at Santa's Enchanted Castle or at the First

## Letter To The Editor:

### We Are Thankful

The senior citizens who are members of the Antioch Moose Lodge No. 525 and their wives are especially grateful to the lodge for treating them so royally at a dinner given in their honor on Nov. 24. The lodge went all out to provide them with entertainment and a very fine dinner. The governor's welcome made us all feel right at home and really appreciated for being members of the lodge.

Special entertainment was provided for the entire afternoon. One member told of his trip to China and the life there compared with ours here at home. Music was provided for the dinner and dancing by Wilbur Rutlinger.

of Paddock Lake, Wis. He helped us recall much of the Old Time music of the by-gone days. To him we give special thanks.

Proceeding the dinner, the governor proposed a toast to all 54 senior citizens present. The dinner was superb in all respects. Our special thanks goes to those who prepared and served the meal.

During the afternoon, we met old friends and made new ones. We also met the lodge officers present. Joke-telling sessions seemed quite in order. Special recognition was given to the oldest member present and to the couple who had been married the longest—54 years.

This affair came as a sur-

prise to all of the older members, for it is the first time in history that the lodge has ever done this or given any special recognition to the elderly. It is hoped that this event will continue each year, for as each year passes, each member becomes a year older and will be eligible to join the group at age 62.

So, in this Thanksgiving season, we are grateful to governor Lou and all of the members of Antioch Lodge 525 for having made this affair possible. We are proud to be a part of the Moose organization.

Mr. and Mrs. Michael Tulumello, Ingleside, for the senior citizens

could not afford the estimated \$2,500 to \$3,000 for liability insurance.

"We're at a standstill," said Pomrenning. "We haven't held a meeting in a few months."

The recently formed group has been interested in holding Friday night teen dances at Windy City Circus Troupe and School for the Circus Arts, three miles east of downtown Antioch. Ed Shhehan, director of the school, has indicated that insurance would not be a problem there.

Pomrenning said the two groups have to decide what is best for the teenagers. While the school is Channel Lake is a possibility, there is also the possibility of seeking community support from other organizations to pay for insurance at the high school, she said.

The dances would be self-supporting once

they got off the ground, Pomrenning said, but to get them started it is necessary to seek community financial support. She said the rotary club provided entire costs last year, but with the insurance costs it would take the support of other community organizations or residents as well.

"It's not a dead issue," said Wayne Parthun, also an organizer of prior dances. "We just haven't moved as quickly as we would have liked to, unfortunately."

Kathy Malicki, of the recently formed group, said it would be more beneficial for the kids to combine efforts of the community. "It's hard to do it by yourself," she said.

Anyone or organization who would like to become involved in the teen dances can call Wayne Parthun at 356-2361 or Sandy Pomrenning at 395-8483.

## Antioch Jaycees To Hold Breakfast With Santa Claus

The Antioch Jaycees will host a pancake breakfast with Santa Claus on Dec. 15. Santa will be available to talk with area children during and after breakfast at Micheal's (formerly the Windjammer) on west Rte. 173. Breakfast will be from 7 a.m. until noon.

Two cabbage patch dolls will be given away during the breakfast. The sponsors of the breakfast are First State Bank of Antioch; Bank of Waukegan - Antioch Branch; Lyons and Ryan Ford - Mercury; and Antioch Pizza. Proceeds will be used to sponsor campers to Camp New Hope, a camp for exceptional young people sponsored by the Illinois Jaycees.

Camp New Hope, located in Mattoon, Illinois, is a residential summer camp for the exceptional individual—the person with mental or physical disabilities, for whom regular summer educational and recreational activities are either unavailable or inadequate.

Camp New Hope provides traditional summer camp activities in five areas—water sports, arts and crafts, recreation, music and outdoor education. However, the real strength of the camp lies not in its scheduled activities or its facilities, but in the emotional and psychological rewards for the campers.

The Camp New Hope experience has an immediate and lasting impact on participants and their families. The campers become more self-confident and outgoing and they and their families feel far less isolated and separated from the mainstream of life. Participants are eager to return to Camp New Hope each summer. These repeat visits serve to increase and reinforce the many benefits to these special campers' lives.

More information about the breakfast and Camp New Hope can be obtained from Jaycee State Camp Board Chairman Chuck Spillner at (312) 395-6047.

## Christmas Program

(Continued from Page 1A)

cise and grammatically correct.

"We are one of the few who put out handwritten, personal letters to the children and that's important," Tomaschik said. "For instance, two children from Chicago wrote letters saying they didn't think they would receive anything for Christmas because their parents were laid off. In cases like that a form letter just won't do."

Hanson said the Christmas package idea, which started October 1984, has grown in just one year. Unlike the hurried organization last year, he said, preparation started in summer this year.

Coverage in local and Chicago newspapers, Chicago area radio and television has been the tool in spreading the Antioch program, Hanson said. Since the post-Thanksgiving opening participation has been high from local residents and responses have been coming from school officials in Cook County who are looking for field trip opportunities, Hanson said.

The Enchanted Castle started out as a model created by Vince Giorgi, of the Antioch Chamber of Commerce and Industry. After he sold the idea to the community, Mayor Raymond Toft had agreed to donate the materials for the house.

Last year, Hanson said, the Enchanted Castle was up for the first time with little preparation and few funds. The chamber had spent perhaps only \$1,500 on the house.

This year, the idea has grown in popularity and chamber representatives were able to get local businesses to sponsor the house—and the coloring books and candy.

castle banks that go along with the visit with Santa.

This year's sponsors which donated nearly \$3,000 are the State Bank of Antioch; the First National Bank of Antioch, Centruy 21—Michael Warren; the Bank of Waukegan (Antioch facility); Lakeland Newspapers; and the Advertiser.

The chamber had spent again this year about \$1,500, Hanson said.

"Our goal is to get the Christmas program so big that it is recognized out of the area," Hanson said. "Every year we want it to get better by taking small strides."

The Enchanted Castle near the water tower on Toft Ave., which opened Nov. 30, is open until Christmas Eve. The hours are from 4 to 7 p.m. on Monday through Thursday; 5 to 8 p.m. on Friday; 11 a.m. to 6 p.m. on Saturday; and noon to 4 p.m. on Sunday.

Each week starting on Saturday, the first 300 children who enter the house (and sign Santa's Golden Book) receive free tickets to see a Christmas movie at Antioch Theater. They can also purchase a framed picture with Santa for \$3.50 each.

The Santa's Golden Book will record the number of participants, which were not recorded last year.

Hanson said the program was almost lost this year due to a lack of support, but with the help of a handful of organizers and sponsors and the local Girl Scouts the house became a reality once again.

"We want to get it to where people want to help," said Hanson, adding that "nothing can be too big."

# Lifesaving Technique Could Be Deadly AIDS

by JANE MITCHELL

The fear of acquired immune deficiency syndrome (AIDS) alarming communities across the nation is also fertile in the city of North Chicago—this time in the area of lifesaving techniques.

Mouth-to-mouth cardiopulmonary resuscitation (CPR), a technique for saving the lives of heart attack, choking and drowning victims, is feared by many citizens, police and fire officials as a way of contracting AIDS.

Reportedly, Skokie Memorial Hospital recently cancelled CPR classes because of the public's concern and because the Skokie police officers refused to practice the mouth-to-mouth part of the CPR training on the "Resuscitation Annie" mannequin during their refresher courses.

The American Heart Assn., however, is standing by its policy that there is no evidence that the AIDS virus can be contracted, even though the anti-body, which carries AIDS may be found in saliva.

Nevertheless, in North Chicago, Fire Chief Robert E. Sandahl said that he is requesting the official word from Victory Memorial Hospital's Infectious Disease Dept. as to whether or not the firefighters should continue using the Annie mannequins for CPR practice.

Sandahl said: "The problem is that by Dec. 31 the firefighters have to have their CPR certifications renewed. How are they going to do it?"

Sandahl is concerned that if the hospital recommends that the firefighters not practice and test CPR, that he would be without legally certified men.

All of North Chicago's 21 firefighters are required to be Emergency Medical Technicians (EMT). But to be an EMT, they must be CPR certified.

Allaying some fears that CPR courses might be cancelled and that firefighters might have to hold up on their CPR practice, Ann Fuller at Victory Memorial Hospital's Emergency Medical Services office said that they have not as of yet recommended

such action.

Fuller said: "Studies don't support that kind of evidence. Not a single case has been documented that shows that the AIDS virus can be passed on by saliva. Stopping the courses are not recommended, and if we were to get rid of citizen CPR courses, we'd be taking a step backwards."

Community CPR courses in Lake County are taught at area hospitals, including Victory Memorial, St. Therese and Condell Medical Center. According to Fuller, the saliva accumulated on the mannequin after each person's use is cleaned off with a 70 percent alcohol solution.

"This is enough alcohol to kill the AIDS virus," she said. In addition, Fuller said that the standard operating procedure is to soak the mouth piece and lungs of the mannequin in bleach, which is also enough to kill any infectious diseases. These procedures, she said, were instituted before AIDS became such a known problem.

According to Sandahl, the station's Annie

has removable mouth pieces and the lungs of the mannequin are cleaned regularly.

"I think they should be safe enough," he said. "But we still want to see what the EMS says."

Fuller said that in the community courses, and perhaps at the fire stations, there has been some suggested changes.

We have altered the CPR course. In the two-person compression and breathing part, the person who would normally breathes onto the mannequin now just says 'blow,' she said. This eliminates the saliva of two people.

The Heart Assn. officials and firefighters are concerned about the possibility of infectious diseases. However, they say that there should be no alarm until evidence of the spreading of AIDS is documented and until official policy is changed.

Anyone seeking information on CPR courses or the status of AIDS research can contact the Lake County Heart Assn. at (312) 362-0808.

## Clerk Split Forecasts Wide-Open Primary Genovese Winner

Lake County Republican leaders set the stage for a wide-open March primary battle for the nomination for county clerk by failing to endorse either of two distaff politicians in the race.

Wauconda Village Clerk Venita McConnel and County Board Dist. 4 Rep. Donna-Mae Litwiler of Ingleside both were designated "qualified" after three secret ballots failed to produce a winner under a two-thirds vote requirement.

The controversy over clerk was the only note of discord in voting Monday night, Dec. 2, at Swedish Glee Club, Waukegan.

The GOP endorsement

process involves 18 township chairman, four central committee officers and four precinct committeemen appointed by County GOP Chairman Robert "Bob" Neal of Wadsworth.

If there was anything unexpected about the county clerk balloting, it was the mounting strength displayed by McConnel.

Litwiler forces distributed a pre-Thanksgiving endorsement from Republican state representatives and elected county officials designed to influence endorsement balloting, but the effort fell short.

McConnel backers reported that the only "surprise"

on the holiday letter was the inclusion of County Treasurer Jack "Red" Anderson who they hoped would remain neutral.

Preceding the GOP leaders' endorsement vote and screening process was a series of individual township endorsement meetings the past month.

This process also indicated the establishment of McConnel's strength despite Litwiler having the full

backing of Sheriff Babcox and other officials as indicated by the Thanksgiving letter.

In Avon Township, for example, committeemen voted overwhelmingly for McConnel. Antioch Township split. Lake Villa did not endorse and Warren precinct captains aren't expected to endorse until January.

County Chairman Neal announced that the endorsement group will recon-

vene Jan. 20 to vote on County Board aspirants and U.S. Senate candidates.

For state and county offices, there were no surprises. County GOP leaders indicated high enthusiasm for two mayors running for state-wide office, James T. Ryan of Arlington Heights, candidate for attorney general, and Michael Houston of Springfield, who is seeking the nomination for state treasurer.

### Genovese Winner

Judy Genovese, senior at Central High School, has been chosen by the faculty to be the winner of the Daughter's of the American Revolution (D.A.R.) "Good Citizen's" Award.

The winner of the award must display outstanding qualities of leadership, dependability, service, and patriotism in school, home, and community.

## Balance Keeps Antioch Small, Yet Progressive

by KAREN WILTBURGER

A fine balance of growth and small-town atmosphere keeps Antioch one of the most progressive, yet close-knit communities in Lake County.

"The new love it and the old don't want to leave it," says Village Clerk Marilyn Sterbenz, a Chicago native who moved to Antioch 45 years ago. "Everyone new tells us it's nice in Antioch. That says a lot for our town."

Progress in the community of 4,400 is inevitable, says Mayor Raymond Toft, an Antioch native who has served the village for many years. Some people don't like to see Antioch grow, but it must in order to stay alive, he says.

Outside developers have targeted Antioch as a community of growth while a redevelopment commission within the borders has targeted it as a community of improvement.

Perhaps one of the newest and most different types of development under consideration in the community is that on the corners of Rtes. 83 and 173, which has remained stagnant during vast growth of surrounding areas.

Ken and Ruth Liddle, owners of Heywood's Gas Station on the southwest corner, have sold the property to a developer who plans to tear the small gas station down and build a Burger King restaurant with drive-thru facilities.

The vacant northwest corner of 13.5 acres, which has been in an estate for many years, is being sold by John Turnock and Anna Mae Dunzel, who have recently inherited the land from Ruth Liddle's mother.

Developer John Dupre, who has an option to buy the land, has plans to turn the vacant land into a complex, which includes a motel, multi-family homes and several businesses (including a fast food restaurant and service station).

Other developers have recently presented plans to the village board, including those for a subdivision, a mobile home estate and another multi-family development.

Meanwhile, the recently formed redevelopment commission is starting to show progress in improving the downtown business district.

What was once Thompson's Bar and Grill, 933 Main St., is now an empty lot on its way to a pedestrian walkway. The walkway will lead to an area behind the eastside businesses that is destined to be used for parking and community events.

Mike Warren, head of the redevelopment commission, says the commission is soon to employ a director, which will head the commission until the goals have been met. Or-

fering off-street parking and renovating 'functionally obsolete' buildings are two of the commission's goals, Warren says.

Construction of a few subdivisions that had started and came to a standstill a few years ago is ready to start up again as interest rates drop, Toft says.

A look past growth, the Antioch community is one that sticks together. Community organizations are a large part of the Antioch community. When one organization sponsors an event, one can bet members of other organizations will be there to patronize them.

Two November weekends of "Footlights" entertainment, sponsored by St. Peter's Parish, is one such event. For the fourth successive year, the parish has raised thousands

### Community Profile

of dollars to cut costs in its school tuition by the efforts of the entire community.

Financial institutions in Antioch, too, are involved with community affairs. They include the State Bank of Antioch, the First National Bank of Antioch, Northern State's Trust Co., the Great American Federal Savings and First Bank of Waukegan (Antioch facility).

The Antioch Chamber of Commerce and Industry along with the village's Parks and Recreation Dept. are very active in the community. For the second year, the two are sponsoring a Christmas castle, a Christmas parade and other winter activities.

Antioch Community High School as well as the five local five grade school districts play a big part in the community, also.

"The community is very supportive of all our high school activities," says Supt. Gary Allen. "It's nice to see the school get that kind of attention."

The latest binding of the Antioch community is due to the Sequoia varsity football team under coach Steve Wagon. A community pep rally geared up the Sequoias the Friday before an Illinois High School Association quarter-final game against Forest View on Saturday.

## Create Gourmet Treats With Economic Pork Cuts

The same cut of pork that yields tenderloin produces a variety of chops from rib to blade. It's the choicest section of the hog—located topside.

I've discovered that it doesn't take that much of a chunk out of the food budget because it's all meat. I bought mine vacuum-packed at the supermarket.

I've also learned that you can prepare a gourmet treat from pork chops with a twist of the knife and imagination.

### Pork Supreme

2 tablespoons margarine  
1 1/2 pounds pork tenderloin, thinly sliced  
1/4 teaspoon garlic powder  
1 teaspoon Beau Monde seasoning  
1 jar (2 1/2 oz.) sliced mushrooms, drained

3/4 cup dry white wine  
1/8 teaspoon white pepper  
Melt margarine in heavy skillet, add pork, sprinkle on garlic powder and saute until well-browned, frequently turning. Sprinkle on Beau Monde, add mushrooms and 1/4 cup wine and cook on medium heat 15 minutes. Add rest of wine and white pepper, cover, reduce heat to medium low and cook 15 minutes, occasionally stirring. Serves four.

### Pork Roulades

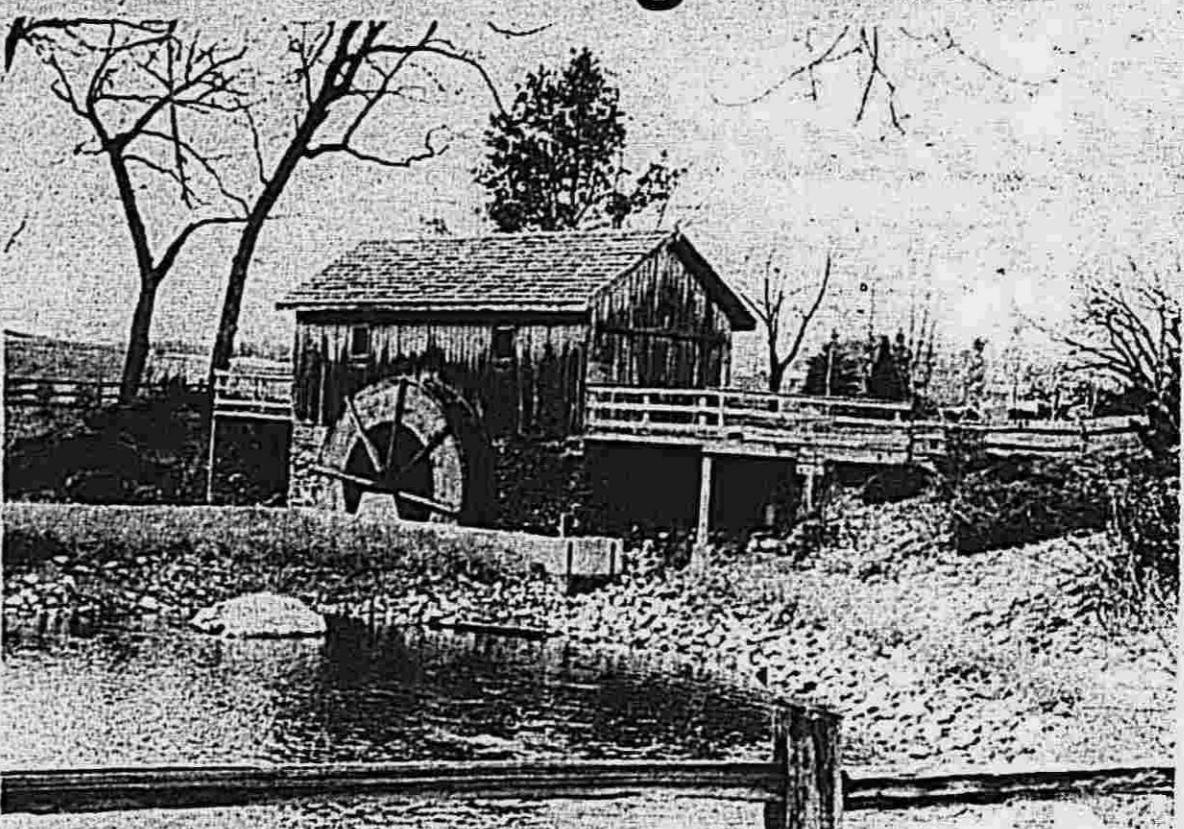

10 pork chops, bones and excess fat trimmed  
1 teaspoon salt  
1/4 teaspoon black pepper  
1 1/2 tablespoons lemon juice

1 1/2 cups fresh rye bread crumbs  
1/2 cup seedless raisins  
1/2 cup cream  
1/2 teaspoon caraway seed  
3 tablespoons all-purpose flour

**Pilot Light**  
**GREG MELIKOV**

1/4 cup margarine  
3 bouillon cubes  
2 cups boiling water  
Pound pork thinner, sprinkle on 1/2 teaspoon salt, pepper and lemon juice; let stand. In medium bowl, combine bread crumbs, raisins, 1/2 teaspoon salt and caraway seed, toss lightly with fork. Place about 1 soup spoonful stuffing on each pork slice, roll up and secure with toothpick. Dredge roulades in flour and slowly brown all over in heated margarine. Dissolve bouillon cubes in boiling water, pour over roulades and cook covered in large skillet on medium low heat about one hour. When serving roulades, remove toothpicks and top with pan juices.  
Serves five.

## Sweet Adelines Perform For Rotary

The Chain O'Lakes Sweet Adelines will perform in the Rotary's Christmas Concert, at 7 p.m., on Sunday, Dec. 8, at East Waukegan High School's auditorium. Under

the direction of Jim Arns, the chorus will sing a special selection of Christmas Carols in barbershop harmony.

## Fetes 'Messiah'

A grand performance of G.F. Handel's "The Messiah", the greatest oratorio ever written, will be presented Sunday, Dec. 8 at 7 p.m. in the Marshall Field's Court in Hawthorn Center.

The chorus for this special performance will be comprised of members of various church choirs and interested parties from Lake County.

"The Christmas Messiah", will be under the direction of Dr. Lynn Schornick, conductor of the Evanston Repertory Dancers.

As Guest Dance Company in Residence for the second consecutive year, the Chicago Repertory Dance Ensemble, under the artistic direction of Tara Mitton, will perform excerpts from its diverse and distinguished repertoire, on Saturday, Dec. 7, 8:15 p.m., and Sunday, Dec. 8, 4 p.m., at the Woodstock Opera House, 121 Van Buren St., Woodstock. Tickets for both shows are \$9 and \$7; for reservations call (815) 338-5300.

ston and Waukegan Symphony Orchestras.

Ralph Brooke, head of the Fine Arts Dept. at the Antioch Community High School and director of vocal music, will be the rehearsal conductor.

This presentation is free to the public and seating is limited.

Hawthorn Center is located in the Village of Vernon Hills on the corner of Milwaukee Avenue (Rt. 21) and Town Line Rd. (Rt. 60) just south of Libertyville.

### Local Crafters To Show At Holiday Craft Fair

Christmas Craft Fair USA, Dec. 14-15, offers a great opportunity to "stop and shop" for those little last minute gifts at Wisconsin State Fair Park, 8100 W. Greenfield Ave., Milwaukee.

View and select among thousands of handcrafted items. Local exhibitors include: Priscilla Carr, Lindenhurst, (doll clothes); Betty Cavanaugh, Antioch, (lobster plaque); Doreen Herman, Grayslake, (stenciled woven rugs); Gene Malin, Grayslake,

(decoys); Leo and Helen Page, Twin Lakes, (fur puppets); Joan Steffens, Gurnee, (bread dough ornaments); Kathy Tegtmeyer, Wauconda, (baskets); Kathy Ticha, Twin Lakes, (wood furniture); and John Vance, Lake Villa, (wood crates). There will be 400 exhibitors from around the country for those special treasures for Baby Mary to Grandpa Harry beneath the tree at Christmas.

Master of intuition,

amazing mentalist, and mind reader, Ross Johnson confounds audiences by sending and receiving information with his mind at 1 and 3 p.m. both days.

Don't miss Christmas Craft Fair USA, Dec. 14 and 15, at Wisconsin State Fair Park; for more show information call (414) 321-4566. Open 10 a.m. to 5 p.m.; adult admission, \$2; six-12, \$1; under six and parking free. Group rate available for 25 or more.

### 'Dinner' Rates Tops On Reviewer's Menu

by JEAN RYBICKI

PM&L Theater's newest production, "The Man Who Came To Dinner," opened on Nov. 29 and the rest of the audience seemed to be as

the Stanley's, and ends up staying "forever," delivers George Kaufman's and Moss Hart's clever and dateless comic lines with great timing.

spark to the production.

The show is a fast moving one and the excellent cast has mastered the art of keeping the audience entertained.

Plaudits go to Bobby Mullowney as Richard Stanley, Kathy Fontana as June and the fine job done by Ron Casey as John and Sandi Riggs who plays Sarah.

Fran Jansla also does a good job of playing Mr. Stanley. The rest of the cast is a convincing one: Dorothy Purfeest as Mrs. Dexter, Debbie Ramsay as Mrs. McCutcheon, Stan Livermore and Scott Mandel as the technicians, Jamie Seputis, George Cina, Donna O'Donnell, Mark Badke, Larry Bersie, Frank Torrey, Ray Kloss, Elmarie Beno and Peter Thelen.

Your reviewer recommends a relaxing and entertaining, and once in a while side-splitting evening, at the community theater on Main St. in Antioch, just a few block off of Broadway. The show runs Dec. 6 and 7.

### Snow Queen

Tickets are still available for Greasepaint & Spotlight's holiday production of "The Snow Queen and the Goblin." The show will be presented on Saturday and Sunday, Dec. 7 and 8, at 2 p.m., at the Libertyville High School Auditorium, 708 W. Park Ave., Libertyville. Ticket prices in advance are \$4 for adults; \$3.50 for seniors; and \$3 for children under 12. They may be purchased in person at Greasepaint & Spotlight's studios, 115 W. Church, Libertyville, Monday through Wednesday from noon to 5 p.m., or by calling (312) 680-8686 during those same times and charging them to your Mastercard or Visa. Tickets will also be available at the door on the day of the show, although ticket prices will be slightly higher at that time.

### Singles' Christmas Party

Non-Smoking Singles will have their Christmas party 3 p.m., Sunday, Dec. 15 at Heatheridge Rec Center. Pot luck dinner approximately 4:30 p.m. Christmas Gift Exchange Game will be planned. Randy will provide entertainment music for dancing after gift exchange. Cost is \$3.50 for members, \$5 guests; \$3 additional charge if you do not bring food. Call (312) 381-0614 or (312) 223-8544.

### Eat Out At Anchor Inn, Dine To Heart's Content

by GLORIA DAVIS

For diners who might list variety and quantity, not forgetting quality of course, at the top of their eating-out preference list, Anchor Inn on Sheridan Rd. in Kenosha more than fills the bill.

Despite the nautical name, only one of the diningrooms carries that motif in its decor. The rest of the popular restaurant is done in cozy country, enhanced by many antiques and spotlighting the private wild life art collection of the owners.

Although owners Sonny and Rachel Taft have just been at the helm of Anchor Inn for a year, both have been in the restaurant

when business is booming.

The Anchor Inn has been well-known for years for its "all you can eat" specials. The Taft's have continued that policy and even added many new entrees to the "gorge" list.

After helping themselves to the "super salad bar," customers have a choice of 10 entrees that runs the gamut of fish, ham, fried chicken, frogs legs, barbecue ribs, shrimp, etc.

One or two or three, etc. helpings of any or each, or all, is offered for a reasonable base price. The waitresses that serve all the hot food, also bring baked or French fried potatoes with each "all you can eat" dinner.

### Spotlight

business for years, Sonny chalking up 13, and Rachel eight.

Both now handle the managing of the restaurant, yet are not averse to pitching in wherever and at whatever when they are needed.

Since "Anchor" seats 250 people, Sonny often turns his hand at bartending and he is also no stranger to their kitchen as he bakes those delicious homemade pies that pop-up on the menu from time to time.

Rachel also bartends and does a little waitressing when some of her girls are off or

### Dancing Square

The December edition of the David Adler Cultural Center's monthly barn dance will be Saturday, Dec. 7 at 8 p.m. at Adler School, 1740 N. Milwaukee Ave., Libertyville (just north of the Adler Cultural Center).

All the dances are walked through first, so first-time and old-time dancers are all invited to allemande right over for a night of swing-your-partner and doh-si-doh. Fine musicians and patient callers will aid and abet the cause. Admission is \$3.

The David Adler Cultural Center, 1700 N. Milwaukee Ave., Libertyville, is a non-profit organization. For more information, call (312) 367-0707.

# More Bazaars Are Coming Over The Holiday Season

by ARDEEN HARRIS  
(312) 395-2761

Well the Grass Lake PTO Christmas Bazaar and Breakfast with Santa held over last weekend was a great success. Winners of the great give-away items will be printed in next week's column.

The committees would like to thank the following merchants for their help in making the PTO event such a great success: J. J. Blinker's Clowning Around, Jensen House Rest., E & E Electronics, Wunderbar Rest., Antioch Pizza, The Vault, Last Vegas Rest., Meta's Candy, Avanti's Ristorante, Antioch Family Sport Center, Jewel, The Lodge, Kings Pharmacy, State Bank of Antioch, Hair Connection, Tony White Shoes, Erickson's Sewing Center, Pine Tree Pet Shop, Guilded Cage, Barnstable, Hahn's Jewelers, Ben Franklin, Totem Lumber, Fun Fur Mart, Bank of Waukegan, Ricco's Rest., Floral Acres, Jackie's

items that will be available are: Cabbage Patch ponies, miniature Christmas trees, wreaths, stocking stuffers, ceramics, crochet items, Cabbage Patch Christmas stockings, ornaments, broom covers, baked goods and many many more. Hours will be from 9 a.m. until 8 p.m. on Dec. 6 and 10 a.m. until 3 p.m. on Dec. 7.

After the Antioch Bazaar, you can make your way to Lake Villa to 35 Oak Lane (near Sherwood Park entrance) and enjoy a talented ladies crafts. Not only is Alyce Brownlee a great baton teacher, she is also a gifted artist and will have many of her hand painted items available. This Lake Villa affair will take place on Dec. 6 from 9 a.m. until 9 p.m. and on Saturday, Dec. 7 from 9 a.m. until 5 p.m. Be sure and stop by!

Happy Birthday to Brad Priller who will be celebrating his day on Dec. 10. Brad is in Mrs. Lynch's third grade room at Grass Lake School. Michael and

With all the hustle bustle of the oncoming weeks remember to take time to really think about the holidays and what they mean. I received a bit of sad news in the mail last week. A passing of a dear friend who we all know and has been a part of all and any of the organizations that we belong to. I would like to pass it on to you "We were saddened to learn this week of the sudden and unexpected death of one of our most active members, SOMEONE ELSE. Let us reflect upon this very sobering news. SOMEONE ELSE's passing creates a vacancy that will be difficult to fill. ELSE had been with us for years and for every one of those years, SOMEONE did far more than a normal person's share of the work. Whenever leadership was mentioned, this wonderful person was looked to for inspiration as well as results: "SOMEONE ELSE can work with that group." "Let SOMEONE ELSE do it." It was common knowledge that SOMEONE ELSE was among the largest givers in the club. Whenever there was a financial need or another worker needed help, everyone assumed that SOMEONE ELSE would make up the difference. SOMEONE ELSE was a wonderful person, sometimes appearing to be superhuman, but a person can only do so much. Were the truth known, everybody expected too much of SOMEONE ELSE. Now SOMEONE ELSE is gone. We can no longer depend on SOMEONE ELSE."

The next meeting of the Grass Lake School board will be held on Dec. 10 at 7:30 p.m. Mark your calendar for the Christmas Program on Dec. 11 at 7 p.m. The fourth and fifth grades at Grass Lake School will be swimming at Camp Revenswood on Dec. 6. Be sure to send their suits, towels and blow dryers.

Don't forget that the Lodge has reopened as of Dec. 1. Be sure and stop by to get some great Pizza.

There is another Christmas Bazaar planned at the Antioch Scout House on Dec. 6 and Dec. 7. This bazaar is called the Country Cousins and they have really been busy making some beautiful things. Can you imagine a bean bag chair for your Cabbage Patch? Some of the

## Along the way with ANNIE MAE

Did you see Santa come to town? It is always inspiring to see Santa's arrival for the first time and the Official Christmas beginning. Even with the cold weather and our new snow - there were a lot of good sports helping Antioch Parks & Recreation make a nice parade and of course the inspiration of the crowd. Adeline Geo-Karis had her golf cart of course - Talk About Good Sports!! The Santa house is rolling! Doesn't it give you a good feeling to think of all the cheer, festivities and good will going on now! Of course not to forget the shopping!

The Village Tree Lighting Ceremony was beautiful. That was held Friday night in front of the Village Hall. There is something about the lighting of those trees that gives one a beautiful feeling. Those guys from the Village Crew have really been hoppin! The Village looks so festive and of course the snow helps us feel like Christmas. We could get along without the wind!

A warm welcome to Father Vincent Eckholm of the Episcopal Church in Antioch. Sunday he was honored with a celebration of Institution and Induction, of St. Ignatius and a nice dinner at Sterbenz Little Acres. We hope you love our village as much as we do!

Everyone sending letters to Santa's Mail Box be sure to put a return address on your letter. We understand there are a lot of letters that can not be answered due to a lack of a return address. Santa knows a lot of Jimmy's and Susie's so he has to know exactly which one is writing.

I hope everyone had a lovely Thanksgiving and has worked off that dinner! Isn't it fun - sit and gorge yourself for twelve hours in one day and it takes two weeks to put the waist line back into shape. There is something wrong with the way it works. After Christmas and New Years, it takes six months from the parties. Oh well no one said life is fair!

Hope you all keep warm and keep smilin' - It helps you keep warm!

The following students at Carmel High School for Girls have been named Illinois State Scholars for 1986-1987:

Sharlene Daonay, Kathleen King (Inglewood), Suzanne Genc (McHenry), Bridget Gordon, Jennifer Howell, Jennifer Nordlund, Cathleen Suhling and Jennifer Thomas (Mundelein).

Joy Kiora, Beth Rivelli, Christine Manske (Gurnee), Patricia McCree, Annmarie Semoska (North Chicago), Jennifer Ottolino, Cynthia Tarkowski (Wauconda), Megan Shea (Great Lakes), and Frances Uiley (Grayslake).

to have test scores and high school class rank sent to ISSC for consideration.

About 10 percent are named state scholars and receive a Certificate of Achievement for their accomplishment.

Over 23 percent of the senior class at Carmel for Girls was named State Scholars.

In order to enter the competition, high school students must take the ACT and/or SAT examination between Jan. 1 and June 30 of their junior year of high school and have the scores sent to ISSC.

Selection of scholars is based on a combination of their test scores and their class rank at the end of the junior year.

Patrick Ronayne, son of Mr. and Mrs. James Ronayne, 1120 Villa Vista, Round Lake, has enrolled at Loras College for the 1985-86 academic year. A member of the Class of 1985 at Round Lake Senior High School, Ronayne is majoring in accounting at Iowa's oldest College.

**Minority Whip**

Sen. Jack Schaffer (left) has been appointed to serve as the first Minority Whip in the Illinois State Senate. The position was created by the Legislature last year. Senate Republican Leader James "Pete" Phillip (right) announced the appointment. Prior to this, Sen. Schaffer served as Republican Caucus Chairman.

**Appoint Schaffer To Serve As First Minority Whip**

Sen. Jack Schaffer, R-32, has been elevated to minority whip within the Republican leadership of the Illinois Senate. The change was announced by Senate Republican leader James "Pete" Phillip, Wood Dale.

Sen. Schaffer was named to the GOP leadership earlier this year when he was appointed caucus chairman. Since that time the General Assembly voted to add an additional leadership spot, the post of minority whip, for both political parties in the Senate.

"Jack Schaffer has done an outstanding job serving as chairman of our Republican caucus the past eleven months," Phillip said. "Jack has very capably represented his northern Illinois district for a number of years and now he is proving equally adept at

serving the Republican party in a statewide leadership role. He is the logical choice to move up the leadership ladder," he added.

Schaffer said "even though we are the minority party in the Senate, we've been very effective in influencing public policy because the GOP caucus is unified. I'm very happy to play a role in that process."

The new position will also be beneficial to his constituents, Sen. Schaffer said. "Anyone in the leadership of their party in the legislature is placed in an advantageous position to effectively watch the interests of their district. My number one responsibility remains representing the 200,000 people of the 32nd district," he stated.

Schaffer has served in the state Senate since 1973. He represents the 32nd district encompassing all of Boone

county, most of McHenry county and parts of Lake and Winnebago counties.

Elizabeth Wunderlich, professor of Dental Assisting at the College of Lake County (CLC), has been elected secretary of the Illinois Community College Faculty Assn.

"The purpose of the organization is to represent community college faculty

at the state level," says Wunderlich.

"This includes state legislation. The ICCFA is also involved with professional development for faculty of community colleges and involves itself with the Illinois Community College Board and the

Illinois Community College Trustees Assn. to further the mission of community colleges," she said.

Wunderlich will serve the association as secretary for two years. She has been a member of the CLC faculty since 1969.

## Where Crimes Occur

A Waukegan newspaper columnist had a good time the other day chronicling the spectacular crimes of the past decade or so that have occurred in west Lake County, apparently in an attempt to show that, compared to Waukegan, conditions west of Rte. 41 aren't much different from Calcutta or Singapore.

The writer recalled murders and, as might be expected, the indiscretions of certain Fox Lake officials and comings and goings of the Black Sheep in Antioch's Haley family. His conclusion: Don't look down your nose at Waukegan, folks. You've got your own crime problem.

The newshawk didn't miss much, except maybe the mass arrests in connection with Waukegan's Great Leaf Burning Ban protest several years ago, or the periodic swoops made by Illinois Dept. of Conservation officers to curb no wake violators on the Chain O'Lakes.

No, west Lake County can't ignore the facts. We do have a crime problem. No one knows that better than Sheriff Robert Babcock, who can always count on manufacturing a good voter turnout in the Lakeland area by

promising more deputies to intensify patrols in the unincorporated areas.

The fact is that there is more crime in west Lake County due greatly because our local gendarmes are getting better at their jobs and reporting techniques have improved, and, in all honesty, so are the Waukegan cops doing better. And the better they get at their jobs, the greater the tendency for the low-lives in the county seat to head west to live their seamy lives.

While both sociologists and penologists study crime, the sociologists leave the statistical comparisons to the penologists and dwell more on trends and quality of life. Even as a study of trends may portend ominous sighs, it is our humble opinion considering quality of life, west Lake County is way ahead of the metropolis to the east.

The breezes off Lake Michigan may be delightfully cooling on a summer night, but when it comes to taking an after-dark stroll, we're more comfortable hereabouts than Waukegan. Does anyone in Lake County's historic center of commerce, learning and government dare to wish to argue that?

## Esper On The Spot

It would be difficult to find a better example of the type of American businessman needed to get involved in local government than Esper Peterson, a newly elected member of the board of education of Warren High.

Peterson is young, possesses a high level of energy, has a demonstrated record of success in business, has expressed a willingness to get involved, possesses keen insight into the workings of the American free enterprise system and how it ties into government and is intelligent. The only thing that sets Peterson apart from other businessmen with abilities and qualities that would enhance leadership is the fact he directs a multi-million dollar real estate and development empire with holdings in various parts of the nation.

Peterson also is highly controversial. This is precisely the point in calling attention to the uniqueness of his serving on a board of local government. Despite sorely needed in-

put from business and commerce in the operation of government, the system tends to work against involvement of business people in local government because it is relatively easy for the electorate and political foes to "get at" elected officials who operate local business. Whereas officials in other fields of endeavor are vulnerable only at election time, voters and others if they choose, can punish the business person who holds an elected position every time he or she opens the door for another business day.

That's why it is always intriguing to see Esper Peterson, as well as other business people, present themselves to the electorate. It is doubly interesting that Peterson has been elected chairman of the building committee of Warren High where construction problems are paramount after the disastrous fire a year ago that damaged the school so severely.

Here is a situation where both an individual and a theory are on the spot.

## Small Is Big

Small means big when it comes to generating new jobs in Illinois. In recent years, the small business sector of the Illinois economy has been the most dynamic and there seems to be no change in this fact when looking at the future.

A majority of the Illinois work force is employed not by large establishments, but firms with less than 100 employees.

Some 3.8 million Illinois workers were employed at over 242,000 establishments. Over half of those workers (1.970 million or 51.7 percent) labored in establishments with less than 100 employees. Very large establishments (with at least 500 workers) employed some 894,000 or 23.5 percent of the Illinois workforce.

Those firms which had larger payrolls were mostly in the manufacturing or transportation and utility fields, while wholesale and retail establishments most often had relatively small payrolls. In 1983, 71.1 percent of manufacturing and 60.2 percent of transportation and utility employees worked in establishments with over 100 employees. In contrast, 69.8 percent of wholesaling and 76.7 percent of retailing employees worked in establishments with fewer than 100.

Over 210,000 Illinois establishments employed fewer than 20 employees. Of those establishments, nearly 65,000 were service-related and nearly 54,000 were retail outlets. At the other end of the spectrum, 716 Illinois establishments employed more than 500, with a majority of those involved in service industries and manufacturing.

## Strong Case FDR Knew Jap Plans

by JOHN STEINKE

A statesman once said: "The first casualty of any war is truth." His observation may be applicable to the Japanese sneak attack upon Pearl Harbor. President Franklin D. Roosevelt may have used American ships as bait to tempt the Japanese into a war. FDR may have known about the impending Dec. 7, 1941, attack, but opted to let it take place as a means of getting the United States into the war against Nazi Germany, Japan and Italy.

## Steinke On Politics

First, FDR knew that a surprise attack against the US bastion in Hawaii would unify public opinion and justify American entry into World War II. Prior to Pearl Harbor, the American people were divided into two camps: the "interventionists" versus the "isolationists." The interventionists favored heavy aid to Great Britain, who was fighting Hitler. They were prepared to institute economic sanctions against Japan because of her invasion of China. The isolationists favored neutrality, and they feared the

### Geary Sees 'War' As Dist. 4 Race Starts Boiling

by BILL SCHROEDER

"It'll be war."

That's how County Board Dist. 4 Rep. Norman Geary, long-time County Board political leader and power broker, described the atmosphere after learning a protege whom Geary helped gain his first public office will be running against him in the March, 1985, primary.

Geary was directing his dismay at Pat Anderson, elected Avon Township Highway Commissioner two years ago with Geary's help and the full support of incumbent town board members, who has entered the field in Dist. 4 seeking one of two Republican nominations.

"I'm not buying Pat's idea that he's not running against me, that he's only out for one of the nominations. He was put into the race by my opponents. He's a tool, a dupe. I can't look at it any other way," Geary remarked heatedly.

As recently as Nov. 16 Anderson was openly supporting Geary, serving as host for a campaign strategy meeting at Renwood Country Club. Geary had planned on the aspiring young politician serving as his campaign manager.

"I'm shocked," Geary declared to describe his feelings about Anderson's change of heart. As an explanation, the dean of County Board representatives said Anderson apparently succumbed to the blandishments of enemies, including fellow Dist. 4 Reps. Jim Fields of Antioch, Fred Popp of Lake Villa, Mayor Rudy Magna Sr. of the Village of Round Lake, and Robert "Bob" Neal, county GOP chieftain.

Geary acknowledged that other foes on the County Board declared open season on him after he engineered the election a year ago of Dist. 3 Rep. James LaBelle as chairman of the Lake County Board over such stalwarts as Glenn Miller of Long Grove and Robert Depke of Warren Township.

Geary didn't argue when it was suggested to him that "When you live by the sword you die by the sword."

"I suppose so. Now it's going to be war in Dist. 4," the veteran politician stated determinedly.

\*\*\*\*\*

INDIVIDUALIST—Dist. 6 County Board Rep. Pat Wilson doesn't consider himself a "turncoat" or disloyal because he happened to be the only member in good standing of the Miller bloc on the Lake County Forest Preserve Dist. board of commissioners to vote in favor of acquisition of Brae Loch Country Club.

"I just happen to think another golf course

in the system makes good sense. I also think for myself," Wilson remarked with characteristic forthrightness. "Besides, all my friends know where I stand on recreation."

Where Wilson stands on recreation constitutes pretty high ground. As a member of the Mundelein village council for 12 years, Wilson was a battler for parks and recreation. He was just elected vice president of the Illinois Assn. of Park Districts, a 7,000 member organization and one of the top lobby groups in the state.

As an individualist, the crew-cut Wilson can back Brae Loch and still be the running mate for renomination to the County Board of Glenn Miller, who led the hard core opposition to Brae Loch. "Glenn and I understand each other," related Wilson, a resident of Mundelein, the largest municipality in Dist. 6 which includes Wauconda, Fremont, Cuba and Ela townships and parts of Libertyville and Vernon townships.

In recounting why Brae Loch will make a fine addition to forest preserve holdings, Wilson mentioned that the surplus produced annually by Countryside Golf Club has grown from \$25,302.43 in 1980 to \$141,422.43 in 1985. Wilson predicted that Brae Loch will experience the same kind of success because of public demand and acceptance. He also expressed confidence that it won't be long before Brae Loch will be operating on a \$500,000 budget which means that the county won't be stinting in its support of the recent mid-county acquisition.

Wilson is self-employed as the operator of an energy conservation business.

MY FAULTS  
-- I LEAVE

MY  
FRIENDS

United States was again drifting toward war.

FDR was anxious to join the war against the Axis powers and wanted an excuse acceptable to the public. Second, Roosevelt thought the Japanese were incapable of inflicting major damage upon our naval forces at Pearl Harbor. He may have withheld information from the local military commanders in Hawaii because he didn't anticipate the disastrous consequences of the impending Japanese attack.

Here is some of the evidence that suggests Roosevelt anticipated, even welcomed the attack on Pearl Harbor in order to become involved in the European war against Nazi Germany. First, the United States had broken the Japanese diplomatic codes and might have had prior knowledge of the sneak attack at Pearl Harbor. The decoding secret, code-named "Magic," organized by the Army Signal Intelligence Service had cracked the Japanese codes early in 1941. The Roosevelt administration knew that war was approaching because "Magic" had intercepted and decoded important messages to the Japanese embassy in Washington.

Second, FDR's Secretary of War, Henry L. Stimson, wrote in his diary on Nov. 25, 1941, that the President and his principal advisers considered "the question of how we should maneuver them (the Japanese) into the position of firing the first shot without allowing too much danger to ourselves."

Third, the Office of Naval Intelligence (ONI) knew at least five days before the attack that Japanese carriers were approaching Hawaii. Seaman Robert D. Ogg used radio signals intercepted at the 12th Naval District in San Francisco to plot the eastward course of Japanese ships in the northern Pacific from Dec. 2 to Dec. 6, 1941. Ogg said that he was certain the chief of intelligence of the 12th Naval Dist., Captain Richard T. McCullough, had passed on the information to

the White House. McCullough was a friend of President Franklin D. Roosevelt and when he could not communicate with the President personally, he spoke to presidential aide Harry Hopkins.

Why didn't FDR advise our military commanders that a Japanese strike force was heading toward Hawaii, and warn them of the possibility of an attack on Pearl Harbor? If Washington had alerted Pearl Harbor, there would have been great danger it would have been leaked. Then the Japanese would have turned around and gone home, avoiding a battle and removing the provocation for the U.S. entrance into the war.

Isn't it a day of infamy when a commander-in-chief of the armed forces failed to warn U.S. military units of a massive enemy attack on American soil?

This is the second of a two-part series.

## ILLNESS IS ONE REASON TO GO TO GOOD SHEPHERD. WELLNESS IS ANOTHER.

Why go to the hospital when you are well? Because we have all the resources—skill, training and special programs—to make your good health even better. Of course we treat your illness and injury with caring and expertise, but we can also improve your wellness.

### Good Shepherd... a resource for reasons you don't expect

Wellness is more than the absence of illness. It is taking care of your good health—and making it even better.

At Good Shepherd, we have programs like Personal Health Assessment to evaluate your wellness. And then we have the resources to improve it. For example:

- Trim Team helps you modify your eating habits and improve your physical condition through an exercise program.
- Back School includes exercise, relaxation techniques and body mechanics for back pain sufferers.
- Our Stop Smoking Clinic concentrates on helping you stop in a way that keeps you from starting again.
- The Fitness Trail is 2.4 miles of pathway open year-round for walkers and runners.
- Special classes are offered in CPR, breast cancer detection, first aid and stress management.
- And the Sports Injury Clinic treats competitive as well as recreational athletes.

### And a resource for all the traditional reasons

Our 270 doctors and staff of all registered nurses are dedicated, caring professionals. Our services are wide-ranging, and our technology is state-of-the-art.

Surgical capabilities range from such major procedures as hip replacement to day surgery for patients who don't require overnight hospitalization.

Nuclear imaging and CAT scans are among the many sophisticated procedures available for diagnosis.

Our emergency room is staffed entirely with doctors who are trained specialists in emergency medicine. In fact, Good Shepherd is one of the few hospitals with this level of expertise. And, of course, our emergency staff is ready for you round-the-clock.

Our pregnancy and childbirth programs include prenatal Lamaze and sibling classes, and your choices in childbirth range from traditional labor and delivery to use of a birthing room with a home-like environment. We even have pre- and postnatal exercise classes.

### You're not alone

Our Lifeline program makes emergency assistance available at the touch of a button to elderly or handicapped people living alone.

The Family Care Network offers psychological counseling for individuals, couples or families.

### We even come to you

Our Speakers' Bureau will arrange for a speaker to address area groups about particular health issues.

The Health Evaluation Lifestyle Programs (H.E.L.P.) include fitness screenings, physicals and wellness programs for employee groups, community organizations and individuals.

### It sounds like a lot... and it is

Hospital, doctors' offices, pharmacy, classrooms—all in one location. And we make it easy for you. To find out more about how Good Shepherd can care for you, just call our Health Referral. We can answer all your health care questions.

## Contest Spells Fortune For Women

by JODY LEWAND

Two Lakeland women, Jacquelyn Scott, of Gurnee and Lucy Molloy, Round Lake, were among the 27 who competed in the 1985 Ms. Illinois Senior Citizen's Pageant. Both ladies placed in the top five and received awards.

Scott placed third in the pageant and won first place

in the talent division for tap dancing. She became a professional tap dancer at age 12 and retired 20 years later after traveling throughout the U.S. and abroad.

She has been in the retail business for 20 years and is currently managing Casual Corners in Lakehurst Shopping Center. She believes the

senior pageant had a great atmosphere that should be better promoted and held in all states.

Molloy was the fourth runner up as Ms. Illinois Senior Citizen. She played the piano in the talent portion of the contest.

She is attending Northeastern University for a

masters degree in guidance and counseling. She also plays the organ and is a substitute teacher. She believes that in this youth-oriented society, it is good to show what the older generation can do.

The pageant was held at Joliet Junior College.

### Antioch Anniversaries

## St. Therese Adds Units

St. Therese Medical Center has announced the addition of two mammography units to aid in the detection and diagnosis of breast cancer and other diseases. A mammogram can detect a breast lump so small that it cannot be felt.

According to Sister Veronica Marie, S.S.P.S., director of the medical center's radiology services, mammograms will be offered Monday through Friday, 8 a.m. to 4 p.m. at the medical center in Waukegan, (312) 360-2690 and its satellite in Lake Villa, (312) 356-4428.

Throughout the month of December, the cost of a mammogram will be reduced from \$60 to \$50. Tests require a doctor's referral and are performed by appointment only. Those women who do not have a personal physician may call St. Therese Medical Center's physician referral service at (312) 360-2555.

The mammogram is a simple painless procedure which exposes the breast to only one rad or less of radiation. It requires no special preparation or hospitalization. Procedures are performed by a female technologist in the privacy and comfort of a special radiology examination room.

According to Sister Veronica Marie, current guidelines recommend that every woman between the ages of 35 and 40 have a

baseline breast x-ray. Those ages 40-49 should have a mammogram every one to two years and those over the age of 50 should have one yearly.

Women who have a personal or family history of breast cancer, experienced early onset or later-than-normal termination of menstruation, have no children or gave birth after the age of 30, are considered high risks and should consult their doctor.

**Mr. and Mrs. Jeffrey Kidd**

**Larsen/Kidd**

Karen Jo Larsen, daughter of Mr. and Mrs. Kent Larsen, Wadsworth, and Jeffrey Dennis Kidd, son of Mr. and Mrs. Dennis Kidd, Niles, Mich., were joined in marriage at 4 p.m. Aug. 17 by Rev. Harry Clark at the Gurnee Community Church.

The bride was given away by her parents at the double ring ceremony.

Mrs. George Saunders, 87-year-old great-grandmother of the bride, played the organ.

Maid of honor was Kristine Margaret Larsen, Wadsworth, sister of the bride. Bridesmaids were Kelda Irene Larsen, Wadsworth, sister of the bride; Anne Kidd, Niles, Mich., sister of the groom; and Joan Wojciechewski, Wildwood, who was also soloist.

Best man was Matthew Gray, Sycamore, Ill., friend of the groom. Groomsmen were Jack Amato, Keith Smith and Daniel Yunek, all friends of the groom. They served as ushers as well.

Little Miss Kirsten Larsen, Park Ridge, cousin of the bride, was flower girl.

Among the guests were the bride's (maternal) grandmother from Hamlet, North Carolina, the groom's grandparents from (maternal) Adrian, Mich., and (paternal) Leesburg, Fla., aunts from North and South Carolina and other relatives and friends from Maryland, Ohio, New York and Michigan as well as the immediate area.

Following a reception at the Swedish Glee Club in Waukegan, the bride and groom left for a honeymoon in Itasca and Chicago.

The couple will be making their home in DeKalb, Ill., where both are seniors at Northern Illinois University (NIU).

The bride is an English major at NIU and is student teaching in Sycamore, Ill.

The groom is majoring in economics at NIU and is employed by the DeKalb Bank.

**Julie Prestmon and Les Laske**

**Prestemon/Laske**

Dean and Jean Prestemon, Ames, Iowa, announce the engagement of their daughter Julie Ann, to Les Alan Laske, son of Barbara and Lawrence Laske, Grayslake.

The ceremony will be performed at 7:30 p.m., May 30, 1986, at St. Thomas Aquinas Catholic Church in Ames, Iowa.

The bride-to-be is a 1981 graduate of Ames Senior High School and a 1985 graduate of Iowa State University with a bachelors degree in social work. She is currently employed as an adolescent substance abuse counselor by Youth and Shelter Services, Inc. of Ames, Iowa.

The future groom is a 1982 graduate of Grayslake Community High School and will graduate from Iowa State University in May, with a bachelors degree in marketing. He is a member of Phi Kappa Theta Fraternity.

**Mr. and Mrs. Nicholas Manusos**

**Boswell/Manusos**

Lauren Michele, daughter of Clyde and Marcy Boswell, Aurora, and Nicholas Charles, son of Don and Charlene Manusos, McHenry, were united in marriage at 1 p.m., Oct. 12 at Holy Angels Catholic Church in Aurora. The ceremony was performed by Father John Stringini.

The bride was given away by her father during the double ring ceremony.

The matron of honor was Sharon Jenkins. Bridesmaids were Robin Boswell, cousin of the bride; Jamie Manusos, sister of the groom; Jeni Manusos, sister in law of the groom; and Ena Ramos, friend of the bride.

Nicole Mensching, the groom's cousin and godchild, was flowergirl.

Best man was Bud Manusos, brother of the groom. Groomsmen were Tom Scott, Jeff Jenkins, Ken Trapino, Tom Yelle and Jeff Gross.

Ushers were Stuart and Tim Boswell, both brother's of the bride.

After a reception at The Lincoln Inn in Batavia, the couple left for a honeymoon trip to the Florida Keys.

The newlyweds will be making their home in Columbus, Ohio.

The bride attended West Aurora High School and Southern Illinois University in Carbondale. She is presently employed by Arthur Andersen and Company.

The groom attended Grant High School and the University of Wisconsin at Whitewater. He is employed by Ross Laboratories, a division of Abbott Laboratories.

## Seek Interns

Applications are currently being accepted for the Illinois Legislative Staff Intern Program, according to Sen. David N. Barkhausen (R-Lake Forest).

The application deadline is March 1, 1986.

The program places 20 interns with the four partisan legislative staffs and the Legislative Research Unit in Springfield.

Interns serve from Oct. 1 to Aug. 15, receiving eight hours of graduate credit from Sangamon State University. The program pays tuition and fees and a monthly stipend of \$1,100.

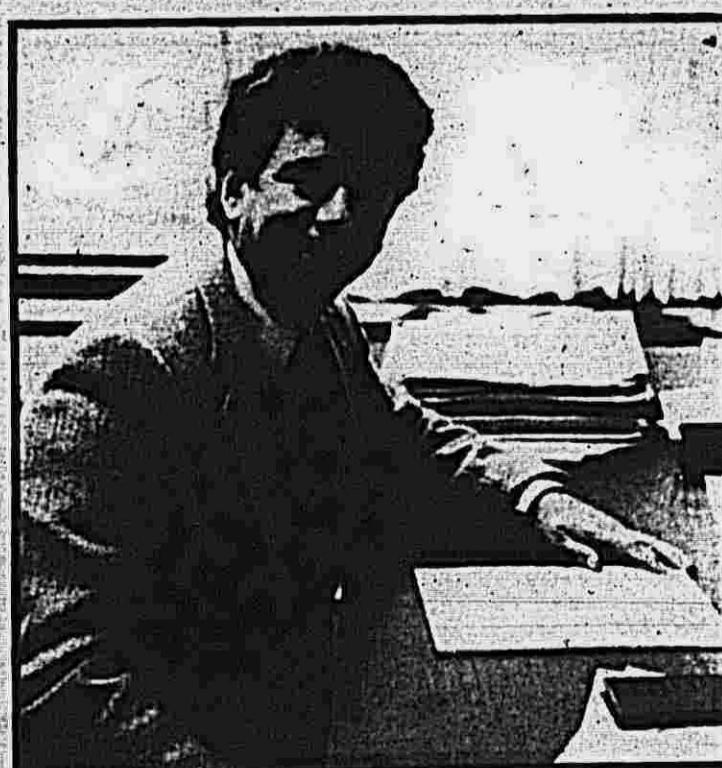

Applicants must have completed a bachelor's degree prior to Sept. 1, 1986.

"This is a marvelous opportunity for anyone interested in pursuing a career in government," Sen. Barkhausen said.

"You will gain valuable firsthand experience and knowledge about the workings of the legislature," he said.

Application forms are available by contacting Kent Redfield, Public Affairs Center, Rm. 470, Sangamon State University, Springfield, 62708 (217) 786-6602 or Sen. Barkhausen's 30th Dist. office, 273 Market Square, Lake Forest, 60045 (312) 234-1630.

# AIDS Misinfo Causes Decrease In Donors

One of the major problems of the past year has been AIDS. The deluge of information and misinformation presented to the public on this matter has caused much concern. That concern has reflected directly on blood donations.

People who somehow felt that the disease was caused by donating blood stopped going to the blood bank. The loss of these persons, who really had nothing to fear, caused a drop in the blood

supply, which, at times, made it difficult to meet the needs of patients that blood banks across the country were attempting to serve. Hopefully, one day, these people will return. They are greatly missed.

Another associated problem is in the unnecessary delay in transfusing blood to those in need because of the fear of contracting AIDS from a blood transfusion. Before institution of the screening test

for antibody to HTLV-III virus, the risk of contracting the condition was on the order of one in 1,000,000. Now that screening of all donated blood has been in effect since March, 1985, the risk of contracting the disease is on the order of one in 5,000,000 (virtually non-existent).

Although some donors were lost to the AIDS scare, most of the donors continued to be faithful to the cause of the blood bank and, in fact, stepped in to fill the gaps left

by those who chose not to donate, by donating extra blood themselves. Because these people changed their schedules to donate "one more time," the Jacob Blumberg Memorial Blood Bank has been able to amply meet first of all, the needs of the residents of Northern Lake County and then provide blood to other areas in the country not as fortunate. Without the consideration and support of donors, this would not have

been possible.

Many industries, churches and social groups have also supported the blood bank. Nearly 90 such groups, many of them industries, provided time to their employees to donate while on the job. Many even provided an area in their facility for the blood bank to set up a mobile drawing site. These groups have realized the importance of providing a safe, adequate, and local supply of blood to the health care institutions their employees and families patronize in times of need.

Over 3,000 individuals have given over the past year a donation which no

money can buy, or no man has yet created—whole human blood. These individuals, many in cooperation with their employers, have provided nearly 9,000 units of life to their neighbors in need.

If anyone would like more information about donating blood, call the Jacob Blumberg Memorial Blood Bank in Waukegan at (312) 662-1899.

## Allendale Boys Prepare For Santa

As the Christmas Holiday approaches, the boys at Allendale begin to prepare for the arrival of Santa. Their preparations include several programs, tree trimmings, gift wrapping, a school play, and best of all, dinner with all of the trimmings.

The first in a series of programs will be the annual Arts and Music Show, which will be held on Thursday, Dec. 5, between 2:30-3 p.m., in the school's Myers Gymnasium.

This show will feature ceramics, models and handcrafted items prepared by Allendale students. These projects are completed in a regular classroom setting, working with an art therapist, a home economics teacher, and a woodshop instructor.

The second event will take place on Saturday, Dec. 7, at 11:30 a.m.; again, in the Myers Gymnasium. This day the campus will be

visited by the American Legion 10th Dist. Auxiliary.

The members of the legion will arrive on campus with Santa and join with the Allendale youngsters and staff for a large buffet lunch. This has become an annual luncheon for the Legionnaires and Santa.

The volunteers from the legion bring to each Allendale boy, an individual gift, a gift for each cottage, fresh fruit, but most precious of all.....they donate their time and their love at this very important time of the year.

The third program is the Annual Shelter Club Christmas Party. This will be held in the Farwell Chapel on Sunday, Dec. 15, at 2 p.m. The chapel service will be presented by residents and staff. They will be assisted by the "Clown Troupe" who will perform the Christmas Story.

Present at this annual chapel service will be all Allendale youngsters, staff,

guests and parents.

Following the Christmas service, everyone will assemble in the Myers Gymnasium for the arrival of Santa and his large bag of beautifully-wrapped individual presents.

The presents, provided by the Shelter Club, will be handed out by Santa after the singing of carols and the enjoyment of homemade Christmas cookies and hot chocolate.

The fourth special event is the Annual Christmas Pageant present by the art and music departments of Allendale's Special Education School. This program will take place in the Myers Gymnasium on Thursday, Dec. 19, at 2 p.m.

The pageant will be performed for the entire student body, school staff and administrative personnel. It will include special holiday music, a choir presentation

by the school choir and a reading of the Christmas Story.

Refreshments, consisting of cookies made by the home economics department and hot chocolate, will be served.

The public is invited to join with Allendale at any of these specially planned holiday activities.

## Santa To Visit Mom's

Christmas Potpourri II will be held Dec. 7, from 10 a.m. to 4 p.m., as a benefit for Mom's Place, a drop-in center for mothers and very young children at 205 Washington St., Round Lake.

Homemade craft items and baked goods will be sold at prices everyone can afford. Free refreshments. For information, call Paula at (312) 546-6565.

Santa will make a special appearance. Come and see him. Public is invited.

### 6-Day Service

For the convenience of customers, Lakeland Newspapers maintains six-day-a-week want advisor service.

## Why pay to heat this much space,

## when you're only using this much?

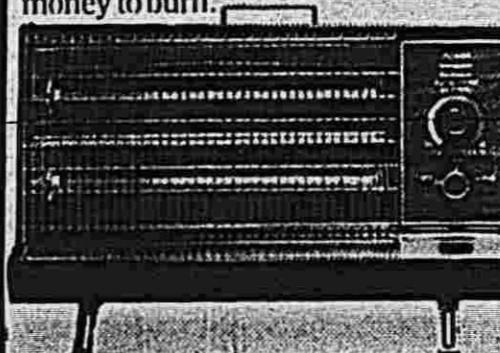

Fact is, by using an electric space heater and turning down the thermostat, you can save up to 21 percent on your fuel bill this winter.

Because a space heater can keep you nice and snug at 70° while you keep the rest of the house at an economical 60°.

It's that 10° that makes the difference. You get the heat you need where you want it, in the rooms you're spending time in. That means you conserve everywhere else.

The savings more than offset the cost of the heater. Which doesn't even begin to take into account what you'll save the next year. And the next year. And the year after.

So why pay to heat your furniture? Unless of course, you have money to burn.

## Movie Nostalgia

By Denise Flaim

Cheeseburgers and fries at the drive-in, jukeboxes glutted with nickels, frenzied necking at the senior prom ...

George Lucas, in a pre-'Star Wars' effluvium of nostalgia, donned penny loafers and walked down memory lane in 1973 when he wrote and directed "American Graffiti." The film was set in 1962 — part of that idyllic era in which presidential assassinations, racial riots and undeclared wars were still just a twinkle in some bureaucrat's eye.

And the 1973 American public, weary of the American Dream gone haywire, was ready to be reminded of the innocence of that bygone era, through a reincarnation of the songs, optimism and pubescent naivete of its adolescents. The film grossed a record \$50 million in its first year — which wasn't bad for a movie that had only cost \$800,000 to produce.

Ron Howard and Cindy Williams, the reigning teenage couple of "American Graffiti," later doo-wopped onto the small screen with the enormously popular and long-running series: "Happy Days" (based loosely on "American Graffiti") and its spinoff, "Laverne and Shirley."

Question: What sitcom queen had a bit part in "American Graffiti"? (Hint: She spent most of her time navigating an elusive T-Bird.)

Answer: Suzanne Somers.

## Movie Week

THAT WAS THEN ... THIS IS NOW (R-Paramount) Starring Emilio Estevez, Craig Sheffer, Kim Delaney. ★★

By J.T. YURKO

The entire plot and theme of "That Was Then ... This Is Now" boils down to two words: "things change." Two boys grow up in a tough section of town and drift apart as their interests diverge. They separate and they fight, but through it all, you know they love each other.

Shallow statements and shallow characters like these are almost enough to make movie goers choose to stay home and watch reruns of "Dobie Gillis." The film lacks any meaningful comments on (or displays of) adolescent growing pains and could single-handedly put an end to this sub-genre of films.

Emilio Estevez is fast becoming typecast as a teenager filled with adolescent angst. This marks his third appearance in a film based on an S.E. Hinton novel, the first two being "Tex" (1982) and "The Outsiders" (1983). This time, Estevez has penned the screenplay himself and has updated the time period from the 1960s to present-day Minneapolis-St. Paul.

The character he plays is a troubled youngster trying to

cope with growing up from a prankish tough kid to a near-pathological young adult. It's no wonder he has developed a few problems along the way. He lives with his friend Bryon because his father shot his mother several years back. Bryon is also without a father, but Bryon's childish immaturity is giving way to a job at the supermarket and a relationship with a pretty young girl.

But along with the usual teen problems of sex, drugs and rock 'n' roll, these boys have to deal with gang wars and bar fights. When they hustle a few good ol' boys in a bar owned by their friend, the owner ends up getting killed in a gunfight.

Inconsistencies hamper the plot. Bryon's girlfriend is from a well-to-do family, and her parents insist that Bryon bring her home by midnight. But when her younger brother disappears for a few days, no one seems terribly upset.

"That Was Then ... This Is Now" is well-intentioned and well-acted, but it's just another mediocre tale of adolescent ennui.

**PROPOSED FLOOD ELEVATION DETERMINATIONS**

**AGENCY:** Federal Emergency Management Agency.  
**ACTION:** Proposed rule.  
**SUMMARY:**

Technical information or comments are solicited on the proposed modified base (100-year) flood elevations shown on your community's preliminary Revised Flood Insurance Rate Map (FIRM). These base (100-year) flood elevations are the basis for the floodplain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program. The proposed base flood elevations modify the base flood elevations shown on your community's presently effective FIRM.

**DATES:**

The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the community.

**ADDRESSES:**

Preliminary Revised FIRMs showing the proposed modified base flood elevations and their delineation are available for review at the Village Hall, 301 South Route 59, Fox Lake, Illinois.

Send comments to Honorable William C. Dam, Mayor, Village of Fox Lake, Village Hall, 301 South Route 59, Fox Lake, Illinois 60020.

**FOR FURTHER INFORMATION CONTACT:**

Mr. John L. Matticks  
Acting Chief, Risk Studies Division  
Federal Insurance Administration  
Federal Emergency Management Agency  
Washington, D.C. 20472  
(202) 646-2751

**SUPPLEMENTARY INFORMATION:**

The Federal Emergency Management Agency gives notice of the proposed determinations of modified base (100-year) flood elevations, in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448), 42 U.S.C. 4001-4128, and 44 CFR 67.4 (a).

These elevations, together with the floodplain management measures required by Section 60.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may, at any time, enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

Pursuant to the provisions of 5 USC 605 (b), the Administrator, to whom authority has been delegated by the Director, Federal Emergency Management Agency, hereby certifies that the proposed flood elevation determinations if promulgated, will not have a significant economic impact on a substantial number of small entities. A flood elevation determination under section 1363 forms the basis for new local ordinances, which, if adopted by a local community, will govern future construction within the floodplain area. The elevation determinations, however, impose no restriction unless and until the local community voluntarily adopts floodplain ordinances in accord with these elevations. Even if ordinances are adopted in compliance with Federal standards, the elevations prescribe how high to build in the floodplain and do not proscribe development. Thus, this action only forms the basis for future local actions. It imposes no new requirement; of itself it has no economic impact.

Proposed base flood elevations along flood sources studied in detail are shown on the Preliminary Revised FIRM. Lessees and owners of real property in the Village of Fox Lake, Lake and McHenry Counties, Illinois, are encouraged to review these maps and related materials at the address cited above. The flood sources studied in detail are:

Source of Flooding	Location	Existing	Modified
Pistakee Lake	Shoreline At mouth	*742	*741
Nippersink Creek	About 0.75 mile upstream of mouth at Pistakee Lake	*742	*743

## Antioch Youth Found

The third missing person sought by the Lake County Sheriff's Police Dept. I-SEARCH Unit has been located in Richmond, Calif., Sheriff Robert H. Babcox has announced.

Michael R. Kiley, now 18, was arrested by Richmond police on a "trespassing" complaint, Babcox said. Now Kiley is in the California criminal justice system, the sheriff stated.

Kiley was last seen Aug. 25, 1984, at his home in Antioch. He was highlighted in the news media along with three other youths. Since then, two of them have been located - one in Burbank,

Calif., the other in Seattle Wash., Babcox reported.

"Kiley reportedly is legally blind, thus we were concerned about his safety and welfare," he said.

"Richmond police contacted our department after checking Kiley's name through the National Crime Information Center (NCIC) computer," Babcox said.

Since then, our I-SEARCH (Illinois State Enforcement Agencies to Recover Children) Unit has been in communication with the Richmond Police Dept. and with Kiley," the Sheriff added.

## Biloxi's Temps Have Charm Compared To Ours

We are at the temperature point that makes 26 miles of sand beaches along Mississippi's gulf coast sound pretty good. Probably Biloxi is not now quite as popular as during the summer, but comparing their golfing temperatures of 50's and 60's with our 20's to 30's; snow and ice, does have its charm.

Mississippi is our closest ocean front, about straight south as the crow might fly, but Eastern Airlines can also crow about their extended gulf coastal service.

We headquartered at the Broadwater Beach Hotel in Biloxi, which puts a visitor close to the water. Directly across the beach drive is Broadwater Marina, Mississippi's largest, full service marina, where boats may be berthed, chartered with crew, or rented.

The spacious marine restaurant specializes in fresh sea food along with the

usual fare. It's a pleasant, casual dress, eating place. Passing boats, plus preening and feeding birds, offer added entertainment. Lengthy beaches, groomed for fall hiking or biking, lie on either side of the Broadwater Marina.

Charters for deep sea gamefishing can be arranged, which merely require an angler's presence...everything else is furnished. Anglers often wind up one-on-one with wall trophies, such as tarpon, kingfish, redfish, amberjack, or barracuda. The Gulf knows no limits to the numbers and varieties of fish it supplies. Season temperatures may require a comfortable jacket.

Most of those who live midwest are happy to share the rigors of winter, especially early in the season. Many keep saying, "Think Snow", for the benefit of skiers, cross country especially. Downhill ski areas are so fortified with artificial snow making

equipment, ski runs may be functional long before any natural snow is on the ground. Keep in touch with your favorite area.

In Michigan's Upper Peninsula, Indian Head Ski Area scheduled opening for Nov. 30. Soon others will be doing likewise. A call to 1

(800) 248-5700 will bring general Michigan Travel Information. For recorded messages on skiing and snow details, try 1 (800) 248-5708. Nearly 50 ski areas are found in Michigan. Snowmobiling, skating, ice fishing and sightseeing are also major tourist attractions.

Similar type winter information from Wisconsin may be obtained by calling 1 (800) ESCAPES, the tourism number that's easy to remember.

The heads of the United States and Russian governments recently completed a summit meeting at Lake Geneva. Though this was in Switzerland, we have our own Lake Geneva in Walworth County, Wis. It too provides peace for travelers.

For privacy, some suggested the leaders meet aboard ship on Lake Geneva. Walworth County can offer that too.

## New Jail Increases County Property Tax

The Lake County Board, under the advisement of Finance Committee Chairman Norm Geary (Dist. 4), approved a \$100 million plus county budget at its November meeting.

The \$101,458,334 budget is a 12 percent increase from last year's budget, approximately \$11 million in excess.

The budget passed by a 16-6 vote, with County Board Reps. Delores Axlerod (Dist. 1), John Balen (Dist. 2), Robert Depke (Dist. 5), Jim Fields (Dist. 4), Robert Neal (Dist. 3) and Samuel Payne (Dist. 3) casting "no" votes. Dist. 2 Rep. Tony Serdar was absent for the vote.

Included in the package was a 28.7 percent property tax increase, which represents the levy dollars requested for 1986 versus the amount extended during 1985.

The \$30,423,840 property tax increase is up \$6.7 million from last year.

Asst. County Administrator Ray Amadei said the property tax increase was much larger this year than it normally is due to the new building program.

He said key reasons for the increase were bonds for a court-ordered new jail and rising insurance costs.

The remainder of the \$100 million plus budget, according to Amadei, includes approximately \$59 million for other revenue sources such as fees, fines, user charges, etc., while a little under 12 percent is for the use of reserves, he said.

The finance committee, which put out the 149-page budget, consists of County Board Reps. Richard Anderson (Dist. 6), Eleanor Rostrom (Dist. 3), Audrey Nixon (Dist. 2), Helen Amen-

dola (Dist. 1), Stanley Pekol (Dist. 2), Donna-Mae Littlister (Dist. 4), James Mitchell Jr. (Dist. 1) and James Dolan (Dist. 5). Geary, as mentioned before, is the chairman of the committee.

Dist. 2 Rep. Balen is

critical of the budget, saying that it has gone up \$30 million in two years, but supporters of the budget are attributing most of the increase this year to the court-ordered jail and its liability levy.

### Baxter To Cut Jobs

The new Baxter Travenol Laboratories will be eliminating about 6,500 positions, 10 percent of their employees, Vernon Loucks Jr., president and chief executive officer said. Company officials could not report at this time the number of Lake County employees that will be cut back. About 7,400 of the 64,000 employed worldwide by the new company are in Lake County. Baxter and American Hospital Supply each had about an equal number of employees prior to the merger of the two. The reduction, which had long been planned separately by the two firms even before the merger, is being made to down-size the companies and increase efficiency by eliminating duplication of personnel and services.

## New For Terminally Ill—'Hospice Care' At Home

Many people with Medicare protection and their families may not be aware of a new type of Medicare benefit designed to help people who are terminally ill to live the rest of their days with some degree of comfort and dignity.

"Hospice care" is primarily a comprehensive home care program which provides all the reasonable and necessary medical and support services for the management of a terminal illness, including pain control.

Although the patient is usually cared for in the home, hospice services can be provided in an institution. The care must be provided by a public agency or private organization certified by Medicare to provide hospice services.

In general, care outside a hospital is less expensive for both Medicare and the patient. Medicare pays the hospice directly for the full cost of all of the reasonable and necessary covered services it provides for a terminal illness and related health problems. There are no deductibles and co-payments, except for two items: These include drugs or biologicals for pain relief

and symptom management and inpatient respite care—a short term inpatient stay to enable the person who regularly assists the patient to get some temporary relief.

The hospice can charge 5 percent of the reasonable cost, up to a maximum of \$5, for each outpatient prescription for pain relief and symptom management.

The hospice can also charge 5 percent of the cost of the inpatient stay, up to a total of \$400 in 1985. The patient may not be charged more than this amount during a period of hospice care.

To be eligible for Medicare-covered hospice care, the patient's doctor and the hospice medical director must certify that the patient has a terminal illness; the patient must sign a statement choosing hospice care instead of standard Medicare benefits for the terminal illness; and the patient must receive care from the Medicare-certified hospice program.

Since Medicare hospital

insurance covers the full cost of all medical and support services for a terminal condition, the patient generally gives up the right to payment for standard Medicare benefits for the terminal illness when hospice care is chosen.

Medicare can pay for a maximum of two 90-day periods of care and one 30-

## LaVerne's Caters To Old-Fashioned Tastes

When LaVerne Wizerowicz first started her own catering business, she had a dollar in her pocket and those scrumptious, home-cooked meals she's known for came "wrapped in tin foil."

Twenty-five years later, LaVerne's Catering has expanded from its humble beginnings in LaVerne's kitchen to the large-scale kitchen facilities they lease in the Fox Lake American Legion building.

In addition, the staff has grown to about 16 employees.

Cooking has been a part of LaVerne's life since she was 14 years old in her native Milwaukee. After working in an number of well-known restaurants which included the Physter and Schraeder Hotels in Milwaukee, she decided to go into business for herself.

"It started when a friend asked me to do a wedding for her," she said. From there,

the business was launched. Word-of-mouth, she said, has kept her catering firm growing.

The company now serves the entire Lake County area and can cater parties with as small as 10 persons to convention-size groups of 5,000 in a single evening.

The hallmark of LaVerne's business remains the quality of her home-cooked meals.

"It's good old-fashioned cooking," said LaVerne's

son, Mike.

But while their emphasis remains on cooking, the business has added a number of other features to make party-throwing easier for their customers. Ordering flowers, making limousine arrangements and other phases of planning a wedding are among the services

LaVerne's can offer.

"We like to work with the bride in all phases of co-ordinating a wedding," Mike said.

Also a veteran cook, he has been helping his mother since he was a child. "I literally started out in the kitchen doing everything you could imagine to relieve her

of some of the responsibilities," he said.

LaVerne, who turned over the reigns to her son several years ago, now serves as a partner in the firm, but leaves the overall management to Mike.

For information on LaVerne's Catering, call 546-9797.

## Head Engineering Offers Wide Variety Of Styles

Carol Pebbles, owner of Head Engineering, 391½ Lake St. in Antioch, is holding her own in her first business venture, despite heavy competition in the area.

"It is said that there are some 17 other beauty salons in the area," Carol said. But since she opened her business on Aug. 1, she has seen many new faces along with a flow of clientele from other local beauty salons for which she has worked.

"We can always use more business, but we're holding our own," Carol said. "I'm real pleased with the outcome so far."

Carol has been in the hair styling business for 15 years and has worked in salons in Grayslake and Libertyville. She knows what it takes to keep customers happy.

"You have to be able to do anything for anyone or you can't survive," she said.

At the Antioch shop, Carol and another beautician, Sue Makela, offer hair styles of all kinds—everything from weekly sets to soft styles to new wave cuts.

New wave, which became popular in this area about a year and a half ago, is starting to calm down, Carol said. Though there are still requests for spiked haircuts or loosely styled cuts, more and more customers are preferring softer styles, she said.

Originally the new wave haircuts were in England about five years ago, she said. About three years ago they moved to big United States coastal cities, such as New York and Los Angeles. It took that long for the styles to move into the midwestern part of the country, she said.

The bigger cities are more daring, more open especially when it comes to hair styles, Carol said. Every spring and fall hair styling books are

such as mousse styling foam.

"I'm a firm believer in keeping hair in good condition," she said.

Cost at Head Engineering flows right in the mainstream with its competitors. Haircuts start at \$10, perms start at \$45 and highlighting ranges from \$15 to \$25.

The hours of Head Engineering are 8 a.m. to 5 p.m. on Mondays, Tuesdays and Fridays; 8 a.m. to 8 p.m. on Thursdays; 8 a.m. to 3 p.m. on Saturdays; and closed on Wednesdays and Sundays.

Appointments are preferred, but walk-ins are welcome. For an appointment call 395-6740.

## Plumbers Sign Contract

Representatives of Plumbers Local 93 of Lake and McHenry Counties (PL93) and the Plumbing, Heating and Cooling Contractors of that area (PHCC) signed a new seven-year labor agreement before the current five-year contract was due to end in May 1987.

The new agreement, effective until May 31, 1992, features innovations that reduce contractors' costs while providing benefit increases for the members of PL93 to assure quality labor and their livelihood.

Realizing the many changes affecting the national construction industry, and the ever-growing competition from non-union contractors, the union and association worked through a unique assembly of themselves, construction

users, bankers, investment counselors, lawyers, construction and non-construction users, bankers, investment counselors, lawyers, construction and non-construction executives into a new advisory council to union and management to analyze recommendations and their impact on the plumbing industry.

This allowed advance and objective consideration of the relatively revolutionary proposals that were a year in the making and avoided the almost automatic adversarial attitude prevalent that exist in so many labor contract negotiations.

The council's challenge was to allow wage increases and maintain the quality and integrity of the fringe benefit plans and labor supply while improving the competitive

posture of the employer.

The give-and-take attitude and objective industry-wide approach of the council generated a classic win-win result.

The members of PL93 are guaranteed \$1.10 on the check to May 31, 1988, with annual opportunities to negotiate wage increases or decreases within the agreement through May 1992. Additionally, higher rates for pension credits and additional coverages for health insurance are provided.

Compared to the prior contract, and exclusive of new contract wage package changes, a 40-hour week cost to the employer will fall by over 6 percent in the next two years and end up only 4.6 percent higher than the old contract's minimum at the end of the seven-year period.

## Majerowicz Gets Bank Promotion

On behalf of the Board of Directors of the State Bank of Antioch, Randy Miles, bank president, announces the promotion of Kathy Majerowicz to installment loan officer and student loan officer.

Majerowicz joined the State Bank of Antioch in January 1981 as a secretary in the loan department. In April 1983 she was assigned the additional duty of student loan coordinator. For the past year and a half she has been enrolled in the

bank's internal Installment Loan Officer Training Program, which culminated in her promotion.

Majerowicz is a graduate of Round Lake High School and she also attended Albion College in Albion, Michigan for three years. She has taken several courses through the American Institute of Banking. Majerowicz resides in Antioch with her husband, Mike, and two-year-old daughter, Christina.

# Bulldogs' Balance Will Ward Off Frustration

by JENN PARMALEE  
and STACIE ELLIS

After opening the season with a 70-50 defeat against Rochelle, the Wauconda Bulldogs varsity basketball team displayed a fiesty defense against their conquering opponents in the Turkey Tournament and will continue to do so when they play Grayslake on Dec. 6.

After playing a strong first half in the first round of Round Lake's 14th Annual Thanksgiving Tournament on Nov. 27, the Bulldogs were unable to regroup against the hosting Panthers. The Bulldogs were stymied by the Panther defense in the second half to seal a 57-43 victory.

"Round Lake made an adjustment on defense," Bulldog Coach Chuck Neary said. "We had to make a change in our offense and we just did not execute very well."

In addition to their inability to adjust, the Bulldogs contributed to their own defeat. Wauconda gave the ball away 12 times in the second half alone.

"The turnovers are what hurt us," Neary said. "There were too many in the second quarter at critical times."

Despite a tremendous defensive effort by the Bulldogs, Round Lake played relentless rebounding, capitalizing on 12 offensive rebounds. "They did

an outstanding job on the boards," Neary said.

The Panthers' point total was largely due to their two tallest players, Frank Ptak and Greg Kreitner. Ptak, a 6-3 senior, was responsible for 18 points while senior Kreitner, 6-6, had 19.

Wauconda's scoring, on the other hand, was fairly evenly balanced between seniors Paul Nibbio, Phil Elwell, Mike Thirtle and junior Pat Schaller.

This balance is the core of the Bulldogs' main strength. "The offense ran well because we worked together as a team," Neary said. "The attitude of the entire team remained positive."

Neary also commended

the Wauconda defense, especially in the first half. "We played an outstanding job defensively," he said. "They really hung in there."

Neary plans to return to the basics in practice. "We're also going to work a lot on boxing out the rebounders," he said.

Although the Bulldogs met a 51-43 defeat against the Grayslake Rams in the second round of the tournament on Nov. 29, leading scorers Phil Elwell, with 11 points; Mike Thirtle, 9; Kyle Eckmann, 8; and Pat Schaller, 7, are to be commended.

"I was pleased to see everyone grouped together scoring individually," Neary

said. "When everyone contributes, it's a good sign."

Eckmann, Schaller and Thirtle put up a good fight against the Rams with eight rebounds each. "That's a key to controlling the board," Neary said.

The final round of the tournament against Cary Grove on Nov. 30 posed a problem for the Bulldogs when leading scorer Elwell, with 12 points, broke his finger in the middle of the third quarter. "That hurt us, but we came back," Neary said.

Paul Nibbio scored 12 points, Eckmann captured eight rebounds and Schaller, seven rebounds.

Although the team shot poorly at the free throw line,

with 3 at 15 in the first half, Neary was pleased with the defense but realizes the team needs to cut down on turnovers.

Meeting a 60-51 defeat, the Bulldogs now hold a 0-3 record but will continue to face the season with optimism.

"The key is for the team not to get frustrated," Neary said. "They have to forget about what has happened in the past and treat each game like a new beginning."

The varsity hoopsters will take on the Rams at 7:30 p.m. on Friday, Dec. 6 at Grayslake High School, following the 6 p.m. sophomore game.

## Mustangs Regrip Before Challenging Antioch

The Mustangs hope to recoup their recent losses when they set out against Antioch on Friday, Dec. 6.

While the team has had two wins since the start of the season, coach Dennis Kessel said he was disappointed by the team's overall performance in their Thanksgiving Tournament.

Although the team started out with a lot of confidence when they defeated Warren, 53-47, on Nov. 27, they lost the intensity needed to bring them a victory in their game against Palatine two days later.

The Mustangs suffered an overall loss of 87-59 and were

again defeated 65-45 when they played Carmel.

In the Mundelein-Warren game, forward Jim Tipperreiter had a chance to score a number of clutch baskets early on. In the second half, Andy Bond made 10 of the team's 14 points.

"We really need the type of performance like the plays Bond made in the game," Kessel said.

Eric Regez played a strong floor game throughout.

As quick as the team built up its confidence in the Warren game, they ran out of intensity as they lost to

Palatine.

"I think we just went in there over-confident," Kessel said. "We were lacking the fundamentals and (Palatine) out-quicked us and got us down early."

By the third quarter, Mundelein was down 61-45.

"I wish I could say we had some outstanding plays by our team, but we didn't. It was disappointing," he said.

The Nov. 30 game against Carmel was no better. With little time to regrip, the Mustangs missed a number of early free throws. With a total of 22 attempted free throws, the team made only 10 in the first half.

## Rams Place Second In Panther Tourney

by DAN G. O'SHEA

After losing their first game of the season Nov. 15, the Grayslake Rams came back strong, placing second in the Round Lake High School Thanksgiving varsity basketball tournament.

Grayslake opens the Northwest Suburban Conference season on Friday, Dec. 6, hosting Wauconda. The Rams were scheduled at McHenry earlier this week for a non-conference game.

The Rams beat Cary-Grove 54-53 in a thriller in the first game of the Thanksgiving tourney and then defeated Wauconda 51-43. They lost the title game to Round Lake Nov. 30 by a score of 62-57.

The lead in the Cary-Grove game changed a number of times right up to the final two seconds. With Grayslake leading 52-50, Cary's Mike Thielander nailed a 10-footer and was fouled by Daryl Mackenthun on the play. He hit the free throw to make

the score 53-52 in favor of the Trojans. With only two seconds left, Mackenthun took the ball out at half court, passing it to forward Jeff West, who sunk a 15-footer for the victory.

Seconds earlier West had missed a free throw which would have padded the Rams lead and made it impossible for Cary to come back. "West missed the free throw and Mackenthun was charged with the foul, so I put the ball in the hands of the two guys who wanted it the most," said Rams Head Coach Greg Groth.

Guard Kelly Bye led the Rams in scoring with 20 points, including four for five on free throws. Mackenthun followed with 15 points, five for nine from the line. Groth said the game was somewhat of a disappointment because the seniors made mistakes they shouldn't have made.

In the win over Wauconda, senior guard Tom Castino led the charge with 20 points.

Junior guard Butch LeNoir followed with 12 points.

Groth said he was happy with the Rams' defensive play against the Bulldogs, but he said the offensive end was disorganized.

Heading into the final game of the tourney against arch-rival Round Lake, Groth commented that the game was going to be a real battle because each team wanted to beat the other badly.

As for the result, the Rams had more baskets, less fouls and played good defense. They literally scared the ball away from the Panthers' inexperienced guards a number of times, Groth noted.

However, after holding 6-7 Greg Kreitner to only two points in the first half, the Rams couldn't keep it up in the second half, allowing the big guy 16 points. Bye led the Rams in scoring with 14 points and Castino netted nine.

## Sequoits Face 2 Tough Teams After Two Losses

by GLORIA DAVIS

The Antioch varsity basketball team, after losing two of their three Barrington Thanksgiving Tournament games, was scheduled to face last year's conference champs, Niles North on their home court, on Dec. 3.

Sequoit Coach Don Zeman has been gearing his boys to deal with a full court press from the small but aggressive Niles North team.

The Sequoits are slated to face another tough battle against conference con-

tenders, the Mundelein Mustangs, at Antioch, on Dec. 6. Antioch hopes to keep the Mustang's star forward, Jay Tezinger (6-5), "from destroying us all by himself."

Retzinger is rated one of the top North Suburban Conference players.

The Sequoits lost the opening game at the Barrington Thanksgiving Classic to Barrington, 67-56, because of "first game jitters, bad shooting and too many mistakes," according

to Zeman.

Friday went better for the Sequoits as they trounced the Libertyville Wildcats, 66-37, only allowing 10 turnovers and successfully shooting 62 percent from the field.

But it was back to the drawing backboards on Saturday when the Sequoits failed to handle Elgin's strong man-to-man defense.

Antioch also had problems using the ball wisely, missing too many free throws.

## Panthers Put 3-0 Up Against Marengo

by David Zinn

The Round Lake Panthers are the only undefeated team in the county and will try to continue their winning ways away Friday, Dec. 6 against conference foe Marengo.

"I'm very happy to be 3-0." These are the words of Bob Ward, the head coach of the Panthers, after his team defeated the Grayslake Rams 62-57 to capture their second straight Thanksgiving Turkey Tournament.

On Nov. 27, the first night of the tournament, all four teams: Round Lake, Grayslake, Wauconda and Cary-Grove didn't play up to their capability, but they were far from boring.

In the first game, Cary's Jeff Young hit what looked to be a game-winning jumper and was also fouled with nine

seconds left, giving Cary a 53-52 lead. He missed the free throw and Grayslake called time. On the inbounds play, the Ram's Jeff West hit a turnaround jumper in the lane at the buzzer for a dramatic 54-53 victory.

In the second game, Round Lake, led by Greg Kreitner's 19 points and Frank Ptak's 18, crushed Wauconda 59-43 as Ward got every player into the game.

The Wauconda Bulldog's problems continued Nov. 29, as they lost to Grayslake 51-43 behind the Rams' Tome Castino's 20 points.

In the night-cap, the Panthers continued their winning ways by blasting Cary 58-40 as Doug Sparks poured in 17 and Ptak chipped in with 15.

On Nov. 30, the first game saw Cary get their first victory, by beating Wauconda.

The Bulldogs had to play most of the night without Phil Elwell, their leading scorer who injured his hand.

The night's actions were only beginning though as the Rams and Panthers took the floor as the tournaments only undefeated teams at 2-0.

In the first quarter, Ptak got three quick fouls and sat down, giving way to junior Dave Antczak. That was the spark the Panthers needed as they opened up a 17-10 lead at the end of the first quarter.

The Panthers, who have not beaten the Rams in three years on the varsity level, allowed the Rams to come back and tie the game at 25 at the half.

Round Lake took control in the second half, led by guards Greg Smith, who repeatedly beat the Rams' press, and Bob Porteous, who hounded the Grayslake guards on defense.

Greg Kreitner led the scoring attack with 20 and Ptak came back in the second half ending up with 12. Sparks popped in 11, most of them coming from the free throw line.

"To win this tournament means a lot to the kids," said Ward, who praised the play of his guards (Smith and Porteous) and his big men (Sparks, Kriettner and Ptak).

"Sparks played a very strong tournament, Ptak rebounded extremely well and Kriettner played an excellent game against Grayslake," he added.

## Retzinger: The Heat's On For All Conference Status

By SUE MONTGOMERY

Basketball star Jay Retzinger has come a long way since the days in fifth grade when he used to pretend he was sick to avoid playing basketball.

But the Mundelein High School senior, now the top contender for this year's countywide all conference player, seems satisfied with his decision to stay with basketball throughout his four years in high school. Even if it cuts out other activities.

"Sometimes you come home at the end of the day and feel like dying," he said.

On some days, he's at school practicing as early as 7 a.m. With three hours spent on the court each day, things like schoolwork get done before after school practice starts.

Even when practice is over, Retzinger still spends a lot of time with other teammates shooting baskets where a number of this year's varsity players started out at West Oak School. Other West Oak alums include Andy Bond and Matt Auburn.

While most seniors are now starting their college search, Retzinger won't know for certain where he'll go until after the basketball season is over.

"Once the season starts, schools can't come recruiting. They will start recruiting in March," he said.

Retzinger said he is aiming for a basketball scholarship to help him through college. Playing basketball for two different leagues during the summer has left him little time for a

steady job. Any spare moments that do come up during the summer are spent waterskiing on Diamond Lake across the road from his home.

As a top contender for this year's all conference, the heat is on to help out as much as possible in each of the Mustang's games.

"You feel you have to have a good game. When you miss a lot of shots, it's frustrating," he said.

Although he intends to continue playing basketball in college, Retzinger is hesitant to say he'll go on to play professionally some day.

"I'm still thinking about a lot of things," he said, but added, "It'd be nice, though."

## Frystak Brothers Keep Men To Bowl

Lake County men are invited to participate in the 57th Annual Lake County Bowling Tournament to be held in February and March at Bowlarium Lanes in North Chicago. The tournament is being sponsored by the Lake County Men's Bowling Assn.

Team competition will start Feb. 8, 9, 15, 16 and 22. Doubles and singles will follow on Feb. 23, March 1, 2, 8 and 9.

Make your reservation as soon as possible by calling Tournament Secretary Ed Zelesnikat (312) 249-0089.

The Bulldogs didn't have that good of a year this past season, finishing 5-4 overall and 4-3 in the conference, but they have next year to look forward to.

"We should be better next year than we were this year. In fact, we will probably be one of the top contenders for the league championship," Kevin said.

Another thing Grant head coach Mike Rogowski has to look forward to is a third Frystak brother, Brian, 12, who is playing

junior football at this stage of his life.

Kevin and Brad both attribute their success to their parents, Carl and Loretta Frystak.

"Our parents always come to the games and give us a lot of support. They were the reason for our success this past season," Kevin said.

Being a sophomore on a varsity football team would be rough for some players to handle, but that wasn't the case with Kevin Frystak.

"It was good because I wasn't treated special like most people thought I would be. The juniors and seniors treated me like I was one of them," he said.

With next year to look forward to, the Frystak brothers appear to have a bright future in store for them.

Both kids would like to go on to play football at a major college and perhaps professionally some day.

# Geary Hits Foes, Anderson's Bid

County Board Dist. 4 Rep. Norman Geary made it official over the weekend—that he will be a candidate for reelection in the March, 1986, Republican primary.

Geary, dean of the 24-member Lake County Board, sent letters of his announcement to precinct captains throughout the four township district including Antioch, Grant, Lake Villa and Avon townships.

In his letter and a personal interview, Geary said he will be basing his candidacy on his record of leadership and bringing county services to his west Lake County constituency.

"I have been personally responsible for bringing more than \$8 million dollars in Community Development funds to Dist. 4," Geary asserted.

The life-long Republican, a resident of Grayslake, is a past chairman of the County Board and has specialized in financial matters of county government.

"I know that there are forces all over the county that see me as a block to special interest groups and that they are out to 'get me,'" the silver-thatched political leader declared.

A surprise candidate entered the race for the GOP nomination, Avon Twp. Highway Com. Pat An-

derson, who was elected nine months ago on a ticket hand-picked and supported by Geary.

Anderson's candidacy brings to five the number of aspirants for the two Republican nominations—Also in the race are Charlotte Kiesgen and William Mestan of Fox Lake and Larry Lenzen of Grayslake.

Of Anderson's candidacy Geary said simply:

"I'm shocked. Pat was going to be my campaign manager. I think he was duped and hoodwinked by my enemies. Pat had a career opportunity in public service as highway commissioner. Now he is turning his back on the people who elected him."

"Pat is just a pawn and a tool-for-the-people-who-want to see me defeated," Geary insisted.

(See related story on Anderson's candidacy elsewhere this issue).

Geary currently serves as chairman of the finance and administrative committee of the County Board.

Over the years, besides his tenure as chairman, Geary has been chairman of the Board of Review, chairman of the Community Development Commission, and chairman of the board's health, education and welfare committee.

## Anderson Shocks Geary; To Run For County Board

by MIKE PRAMSHAFER

Avon Twp. Highway Commissioner Pat Anderson has announced that he will be a candidate for Dist. 4 Representative on the Lake County Board in the March, 1986 election.

Anderson, who was just elected to the Avon Twp. Highway Commissioner's post in March of this year, shocked Avon Twp. Supervisor Norm Geary by announcing his candidacy.

The highway commissioner was supposed to be Geary's reelection campaign chairman for the 1986 vote, but he feels that he has the necessary qualifications to run himself.

"I haven't received any feedback from any of the township officials as of yet. Norm (Geary) was very disappointed in my decision to run for the board, but I feel I have the necessary qualifications to win," Anderson said.

"I didn't make this decision overnight. It took a lot of thinking over and I didn't get any help from outsiders," he added.

Anderson, 39, said his decision to run was based solely on his own observations. He did say, however, that he did receive positive reactions from Dist. 4 Reps. Jim Fields and Fred Popp on his candidacy.

"The only reason Pat's (Anderson) running is to try to split up Norm's vote in Avon Township. He is playing the role of the spoiler. I'm devastated by his decision to run against Norm," Virginia Harrington, Avon Twp. clerk said.

If successful in March, Anderson will have cut his salary approximately in half.

"The salary cut doesn't bother me at all. That's how strongly I feel about the position," he said.

When asked if he felt his candidacy would hurt Avon Township's chances of getting someone elected or reelected to the board, Anderson replied, "No, not at all. There are two slots to be filled and I hope Norm and I both get in. That would be great."

## Columnist Loses Bout With Cancer

Mark Lemmer, a columnist for Lakeland Newspapers, died Monday, Dec. 2 after a bout with cancer.

Lemmer, 30, of Waukegan, was employed by the Social Security Office in Waukegan for the past year as field representative, coming from the Peru, Ill. office where he was a claims representative for three years.

Funeral services and interment were both conducted in Merrill, Wisconsin.

"My religion is very important to me . . .

so I want to be sure  
my funeral reflects my  
religious beliefs. The  
Funeral Director  
worked closely with me and my  
clergyman to pre-plan a service  
in which all the rituals of my faith  
will be carefully followed."

# Babcox To Keep Team, Add Sheriff's Services

Lake County Sheriff Rober Mickey Babcox is running on his record for reelection in 1986, emphasizing that he will keep his leadership team in place.

This means that Chief Deputy Clinton O. Grinnell and E.J. "Chic" La Magdeleine, deputy chief of administration, will retain their jobs if Babcox wins the Republican nomination in March and the general election in November.

Grinnell is the former police chief of Libertyville. LaMagdeleine was Mundelein police chief before serving terms as sheriff in Lake and McHenry counties.

"I am proud of our record. I have established sound

principles of professional law enforcement management," Babcox declared, pointing out that the key members of the sheriff's office team have combined more than 90 years in law enforcement.

Babcox' naming of his chief aid before election in 1982 was considered unprecedented.

Improvements in the sheriff's office during his tenure, as cited by Babcox include, a Lake Michigan water patrol, permanent Chain O' Lakes Water Patrol headquarters, snowmobile unit, squad car visibility program and innovative contractual agreement with smaller villages for police protection.

Sheriff Babcox said relations with other law enforcement offices are at an all-time high.

The sheriff listed unification of the Crime Stoppers program as a forward step taken by his office. He said he is working diligently with the Lake County Board to provide a modern jail facility according to state and federal guidelines.

Among goals outlined for the next four years by Babcox are formation of a violent crimes unit available to smaller police departments, establishment of a child protection interview team and establishment of a work farm for convicted criminals.

## Edgar Issues 'Investor Alert'

Secretary of State Jim Edgar has issued an "Investor Alert" warning Illinoisans to beware of misleading sales practices used by cellular telephone lottery filing services.

Since the Federal Communications Commission (FCC) created a lottery-type selection process to award cellular telephone franchises in 1984, numerous firms have begun large-scale media and telephone marketing campaigns aimed at persuading investors to pay as much as \$10,000 for assistance in completing and filing the FCC application.

"Many of these firms are making unrealistic and misleading claims as to investors' chances of obtaining cellular franchises and of the profitability of any franchises that are awarded," Edgar stated.

"Anyone considering this sort of investment should be aware that the FCC itself warns that the remaining 185 franchises are in riskier, smaller markets with no guarantee of success," he added.

Edgar's "Investor Alert" contains detailed information on the cellular

telephone industry, the FCC's lottery and application process, and a description of abuses and misrepresentations by the filing service firms. For copies of the "Investor Alert," contact the Illinois Securities Dept. at 840 S. Spring St., Suite 240, Springfield, IL 62704. Phone (800) 252-8980.

The Secretary of State's Securities Dept. regulates all securities offered or sold in Illinois and is responsible for investigating reports of fraud in connection with the sale of securities.

# Depke Announces Bid For Dist. 5 Reelection

Robert W. "Bob" Depke, Lake County Board member and Warren Township supervisor, officially announced his bid for reelection for the Lake County Board representing Dist. 5 covering Libertyville, Vernon, and Warren townships.

"My experience and knowledge in county government will be a major factor in my reelection bid. County government has become big business and needs dedicated and experienced people to make it work," stated Depke.

Former County Board chairman, Depke has served on numerous committees during his tenure on the Board. He presently serves as chairman of the Development and Maintenance Committee which serves to develop and maintain the county's forest preserve system. "The function of this committee is one of my top priorities. We need to groom the uses of our present preserves and look to the future needs of the county."

Depke is a member of the Gagwood Lions Club with 33 years service the Gurnee Exchange Club, which awarded him the Golden Deeds award for dedicated service to his fellow man, and the Lake County Township Officials Assn.

He also serves as a director of the State Illinois Township Officials Assn. of which he served as past president of the Illinois Township Officials, Supervisors Division.

"I feel I have the knowledge and foresight to

continue to serve the people of Lake County and Dist. 5. I look forward to working for better intergovernmental cooperation with our county and other government agencies for the betterment of planning for the future growth of Lake County and will continue to work diligently for the people in Dist. 5."

Monday, Dec. 9, is the first day for filing nomination petitions. Depke will be seeking one of two Republican nominations in the March primary.

## Museum Curator Gives Talk

Curator of Special Collections at the Lake County Museum, Katherine Hamilton-Smith spoke recently at the annual meeting of the Society for Commercial Archaeology.

The society, which is affiliated with the Smithsonian Institution, held its meeting this year at the National Archives in Washington, D.C. on Nov. 16. Ms. Hamilton-Smith's address, which focused on Art Deco commercial architecture from 1920-1950, gave an overview of the museum's

Robert Depke

Curt Teich postcard collection.

Lake County Forest Preserve Dist. President Donald Strenger said, "The Teich Collection is a great asset to the museum and to Lake County. It has brought national recognition to the museum as a major, new repository of photographs related to American life in the 20th century. We are proud that Ms. Hamilton-Smith was asked to speak at the National Archives."

The Lake County Museum is located seven and one-half

## Santa Claus Comes To Town In Holiday Parade

Santa Clause will be coming to town when the Grayslake Area Chamber of Commerce sponsors a special holiday parade on Saturday, Dec. 7. The parade is tentatively scheduled for 4 p.m.

Santa will come through town and stop at the corner of Center and Seymour streets, where Mayor Schroeder will light the Christmas tree. All the children and their parents are invited to visit with Santa at the park district building on Hawley St. immediately following the tree lighting.

The chamber of commerce is working in co-operation with the Grayslake Community Park Dist. to sponsor a Christmas Decorating Contest. In the past, the contest has been limited to area homes. Businesses will also be included in this year's competition.

The first annual "Grayslake Area Christmas Cup" trophy will be awarded to a local business with the most creative decorations. Area businesses are urged to decorate their store fronts.

Those interested in entering the competition must register by calling the chamber office at 223-6888. Judging will be from 6 to 9 p.m. on Friday, Dec. 13. All entries must be in by Tuesday, Dec. 10.

The business judged to be the best decorated will receive the "Christmas Cup" for them to display until next Christmas.

A Christmas-Decorating Contest for homeowners is also underway. A first prize of \$250 chamber bucks, will be awarded to the best decorated home. The prize can be redeemed for merchandise at any of the chamber member businesses.

In addition, two homes will be selected for honorable mention plaques. Homes will be judged on Friday and Saturday, Dec. 20 and 21.

Anyone who wants to enter can pick up a registration at any business bearing the "register here" poster, or at any business, or call the chamber office.

## NEXT WEEK'S HOROSCOPE

BY SALOME

**Aries** (Mar. 21-Apr. 19) Household matters need your attention. Wind up last-minute holiday chores so you and your family have a chance to relax. Children need more time with you.

**Taurus** (Apr. 20-May 20) Unsnarl complications that threaten holiday festivities. Insist on everyone doing their share of the chores so that you aren't left with the leftover tasks.

**Gemini** (May 21-June 20) Some last-minute pressures appear to be inevitable. Handle them all with good cheer and they'll be easier to deal with. Defuse heated tempers immediately.

**Cancer** (June 21-Jul. 22) You can be proud of what you've done for the holidays. Changing things to please critics is wise. Have confidence in yourself and stick to your plans.

**Leo** (Jul. 23-Aug. 22) A business matter needs your attention before upcoming holiday festivities. Consult with experts for advice before making any agreement you might want to unmake later.

**Virgo** (Aug. 23-Sept. 22) Continue to wind up loose ends at work. Later, plan quiet, pre-holiday time alone with loved ones. You need to tie up some unraveled edges here, too.

**Libra** (Sept. 23-Oct. 22) Just when you thought nothing could beat the glow of holiday fetes, fate gets a charmer to set off a four alarmer in your heart. What a way to stay warm this winter!

**Scorpio** (Oct. 23-Nov. 21) Seeing red? If it's not old Santa's suit in the offing, then it's your ire at the way your plans were changed. Don't pout; talk things out. Compromise is possible.

**Sagittarius** (Nov. 22-Dec. 21) Someone whispers sweet nothings but what you want, and deserve, is something of substance. Make your case clear and you clear up the situation 'twixt the two of you.

**Capricorn** (Dec. 22-Jan. 19) Your stars favor extending personal relationships. Patch up problems with kith and kin. Reach out to new friends; make them feel like old friends.

**Aquarius** (Jan. 20-Feb. 18) An anxious friend asks for your advice. Be honest, but temper honesty with consideration. No need to sear truth in with a branding iron when a caress does as well.

**Pisces** (Feb. 19-Mar. 20) New love comes as the old year ends. Signs of its approach are already here if you care to take notice now rather than wait for its official arrival.

## Here's The Story...

**RICHARD W. SEARS** was employed as a station agent in Redwood Falls Mn. in the early 1880's. He was 19 at the time. By coincidence, he began selling watches and found the business profitable. He expanded his operation, moving first to Minneapolis and then in 1887 to Chicago.
